

HE STRIKES BACK

JOHN MITCHELL SPEAKS HIS MIND ON COAL STRIKE.

A MESSAGE TO ROOSEVELT

LAYS BLAME FOR STRIKE ON THE OPERATORS.

HOPES FOR LASTING PEACE

A FORCEFUL AND DIGNIFIED EXPRESSION.

(Washington, Oct. 17.—The response of John Mitchell, president of the United Mine Workers, to President Roosevelt's notification that he had appointed a commission was made public today. It informs him of the action of the executive boards of districts 1, 7 and 9 in calling a convention and agreeing to recommend unanimously the resumption of work and the submission of the differences between the "operators and the mine workers of the anthracite coal fields" to the commission. The reply expresses confidence that the convention will agree to the arbitration of the "eminent and impartial men" chosen by the president and expresses gratitude to the president for his patriotic efforts to bring about an honorable settlement of the strike. The reply goes at length into the grievances of the miners and concludes with the expression of the hope and belief that from this arbitration will come "a complete, satisfactory and permanent solution of the troubles which have vexed the anthracite field from time immemorial."

Following is the telegraphic correspondence, consisting of the letter of President Roosevelt to John Mitchell and the latter's reply:

THE PRESIDENT'S LETTER.

This is the letter sent by President Roosevelt to the president of the mine workers:

White House, Washington, Oct. 16, 1902.—Mr. John Mitchell, President United Mine Workers of America, Wilkesbarre, Pa.: I have appointed as commissioners Brig. Gen. John M. Wilson, Mr. E. W. Parker, Judge George Gray, Mr. E. E. Clark, Mr. Thomas H. Watkins and Bishop John L. Spalding, with Hon. Carroll D. Wright as recorder. These names are accepted by the operators and I now most earnestly ask and urge that the miners likewise accept this commission. It is a matter of vital concern to all our people, and especially to those in our great cities who are least well off, that the mining of coal should be resumed without a day's unnecessary delay. Theodore Roosevelt.

MITCHELL'S REPLY.

Following is President Mitchell's reply to President Roosevelt's letter announcing appointment of a commission:

Wilkesbarre, Pa., Oct. 16, 1902.—Hon. Theodore Roosevelt, President of the United States, Washington, D. C.: Dear Sir:—I am in receipt of your telegram of October 15th, which reads as follows: "I have appointed as commissioners Brig. Gen. John M. Wilson, Mr. E. W. Parker, Judge George Gray, Mr. E. E. Clark, Mr. Thomas H. Watkins and Bishop John L. Spalding, with Hon. Carroll D. Wright as recorder. These names are accepted by the operators and I now most earnestly ask and urge that the miners likewise accept this commission. It is a matter of vital concern to all our people, and especially to those in our great cities who are least well off, that the mining of coal should be resumed without a day's unnecessary delay."

Replying thereto, I beg to inform you that your recommendations were submitted to the members of the executive boards of districts 1, 7 and 9, United Mine Workers of America, and they have unanimously agreed to call a delegate convention to be held next Monday, and will recommend to the convention that all men now on strike return to the positions and working places formerly occupied by them and submit to the commission appointed by you all questions at issue between the operators and mine workers of the anthracite coal fields. In connection with this subject we are glad to know that the managers of the coal companies have decided to recede from the untenable position which they so long occupied and to accept a modified proposition for the arbitration of the coal strike and to give you full latitude in the selection of a commission. It will be remembered that we proposed, on October 8d, to place the whole matter in your hands and to accept the verdict of a tribunal of your own choice. It will also be remem-

bered that the company managers at that time refused to accept the arbitration of the president of the United States and preferred that of the local common pleas judges. We proposed to leave everything to you without condition or reservation, having the utmost faith in your impartiality and good judgment.

In their refusal to accept your arbitration the operators sought to hold you in part responsible for the very conditions which you were trying to remedy and to instruct you as to your duties concerning them. Eight days later they again appeared before you, dropping the common pleas judges and proposing to abide by the verdict of a tribunal appointed by you, but attempting to prescribe within fixed and narrow limits the character and vocation of the men you were to name. To this proposition, as the operators made it, we were unalterably opposed; first, because our respect for you as a man and our ideas as to what is due to the dignity of your office demanded that we should not be a party to a request of you to accept this great responsibility accompanied by detailed and impertinent restrictions as to the manner in which you should meet it; second, because careful analysis of their proposition disclosed to us, as it did to you and the public, that the restrictions were too narrow to enable you to secure under them a well-balanced and thoroughly impartial tribunal.

But now that you have yourself removed these objections by broadening and strengthening the commission we feel confident that our convention will declare its willingness to have all questions between the employing companies and the 95 per cent of their employees who are members of our organization determined by the board of eminent and impartial men chosen by you. We feel grateful to you, Mr. President, for the patriotic efforts which you have made to bring about an honorable settlement of the strike; efforts which you continued despite the remarkable spirit and conduct which you at first found in the company managers. We were in a position to sympathize with you inasmuch as we had long been forced to endure arrogance, insult and false witness from the same source. Our gratitude is due to you and to the American people and the press who have supported you and us in the long struggle which we hope is now about to close. During all these long months in which our motives have been impugned and our characters maliciously assailed we have refrained from saying any word or taking any action which would tend to render reconciliation more difficult, but now it becomes a duty to defend ourselves against the slanders which have been heaped upon us and to proclaim that we have from the first favored practically the method which is now employed to break the deadlock.

If our proffer of arbitration or impartial investigation had been accepted six months ago instead of now there need have been no strike. We have been as eager, Mr. President, to respond to the people's demand for coal that during the progress of the strike we have more than once offered arbitration, but we have invariably met with the reply, "We will not permit outsiders to dictate to us in the management of our affairs. We have nothing to arbitrate."

Now that the managers of the companies have been compelled by you and a thoroughly aroused public conscience to recede from this position we are proud that the firmness and the heroic endurance of our men and women in support of their rights and of a vital American principle have won the victory. The poor, under-paid mine workers of these coal regions, who toil hard from early morning until late at night for a livelihood, nobly supported by organized labor in this and other lands, have taught these corporation managers a useful lesson in civic and social duty. We exult over this tribute to the dignity of labor because it is the triumph of right and of good public policy.

We do not, however, exult over our opponents; we appeal to them now, as we have from the first, to turn their eyes to the future and to co-operate with us in an effort to establish better relations between employer and employee for the advantage of both.

We forgive them for their arrogant refusal to deal with us, and in this hour when they are forced to acknowledge their inability to operate their mines without our consent and co-operation we hold out the right hand of friendship and ask them to join with us in the establishment of a tribunal of your own choice. It will also be remem-

THE MINERS VOTE

CHOOSING DELEGATES TO THE PEACE CONVENTION.

A SETTLEMENT IS FAVORED

DELEGATES INSTRUCTED TO BE GUIDED BY LEADERS.

END OF STRIKE IS ASSURED

CALL FOR THE CONVENTION IS ISSUED.

Wilkesbarre, Pa., Oct. 17.—Meetings are being held throughout the three anthracite districts today by the locals of the United Mine Workers. Delegates are being elected to the Wilkesbarre convention Monday, at which time it is expected the convention will declare the strike at an end and authorize the miners to return to work.

From all reports so far received at headquarters here the miners are generally attending the voting and in nearly every instance delegates are being instructed to follow the advice of President Mitchell and the district leaders.

ALL ARE VOTING.

Wilkesbarre, Pa., Oct. 17.—All the locals throughout the anthracite coal fields are engaged today in electing delegates to the mine workers' convention to be held in the Nesbitt theater here next Monday for the purpose of considering the acceptance of the plan of arbitration submitted by President Roosevelt.

These meetings are being held in accordance with the call sent out yesterday by three executive boards. There is nothing on the surface at this time to indicate that the arbitration scheme will not be accepted. President Mitchell knows the sentiment of the men and would not have agreed to the proposition had he any doubt that a delegate convention would not ratify his action.

OBJECTIONS EXPECTED.

There will be objections raised on the floor of the convention to certain features of the plan, but they will not be of a serious nature. "It would be a remarkable body," said one union official, "if eight hundred men in convention were of one mind on all features of this labor struggle."

One of the many obstacles to be surmounted by the union is that of finding work immediately for all the strikers. Every man wants his old place back, but as the companies have decided to take care of all men who have stood by them during the strike, there will be some disappointments. This matter will be fought out on the floor of the convention. Officers of the union confidently believe that it will be amicably adjusted. It is probable the delegates will decide to care for all men who are not given work at once.

President Mitchell and the executive boards of the three anthracite districts, composed of the men who ordered the coal strike last May, have called a delegate convention of striking miners which will fix the exact date of resumption.

The thirty-seven members of the executive boards unanimously agreed with Mitchell to recommend acceptance of President Roosevelt's commission of arbitration and a return to work immediately.

The convention will be held in this city Monday. Probably mining will begin Wednesday or Thursday.

GIVES CALL FOR CONVENTION.

President Mitchell had summoned the executive boards to meet here yesterday morning. Every one of the thirty-seven members responded. After a two-hour joint conference of the boards Secretary-Treasurer Wilson gave out the following official call for the convention of miners:

Wilkesbarre, Pa., Oct. 16, 1902.—To the Officers and Members of All Unions in Districts 1, 7 and 9:—Gentlemen: At a meeting of the executive boards of districts 1, 7 and 9 it was unanimously agreed to issue a call for a delegate convention and recommend to that convention that all mine-workers now on strike return to their former positions and working places and submit to the commission appointed by the president of the United States all questions at issue between the operators and mine-workers of the anthracite coal fields.

In pursuance whereof you are hereby notified that a convention will be held in the city of Wilkesbarre, Pa., beginning at 10 a. m. Monday, Oct. 20.

The purpose of the convention will be to act on the proposition submitted by the president of the United States.

Local unions will hold meetings

not later than Friday night, and elect delegates to attend said convention. The basis of representation will be one vote for each 100 members or less and an additional vote for each additional 100 members, or majority fraction thereof. The president and secretary of each local union will fill out one credential and one duplicate credential for each delegate elected. The duplicate credential should be given to the delegate elected and the original should be placed in the hands of the district board members not later than Saturday night. The district board members are instructed to have all credentials in the hands of the credentials committee Sunday afternoon.

It is recommended that delegates be given full power and authority to act in behalf of their local union.

The name of the hall in which the convention will be held will be announced later. Hotel accommodations are being arranged and will be announced to delegates upon their arrival.

Respectfully submitted, on behalf of the executive boards of districts 1, 7 and 9.

John Mitchell, President U. M. W. of A.
W. B. Wilson, Secretary.
George Hartlein, Secretary of Meeting.

OBJECTIONS RAISED AT FIRST.

It was 9 o'clock when the members of the three district boards were called into session. There was some opposition manifested in the meeting against certain features of the arbitration plan, but after a full discussion of the objectionable parts a unanimous vote was taken to recommend to the convention the acceptance of the proposition.

President Nichols, of the First and largest district in the anthracite region, came prepared to resist the acceptance of the terms proposed by the operators. Mitchell told him and others without reserve every detail of the conference he had with President Roosevelt and acquainted them with the advantages to be gained by the miners accepting the terms proposed by the president. He declared that he was absolutely convinced that the president would see that they secured fair play and he predicted that as a result of the concessions granted by the operators the conditions of the anthracite coal mine workers would be improved many degrees.

Nichols and some of his followers presented objections to the plan on the ground that the main purpose of the strike was to secure recognition of the union.

"If our union is not recognized now," Nichols is understood to have said, "it will not be recognized in the future. Every working man in this country has supported our fight upon the theory that we were defending and fighting for the vital principle of unionism. We should make every effort to gain that point above everything. It is the most important."

ANSWERS ALL OBJECTIONS.

Mitchell's reply in effect was that he recommended the calling of a convention of miners to consider the proposition as speedily as possible on these grounds:

1. That the consent of the operators to arbitrate was a victory.
2. That the union would, and as a matter of fact, had already been recognized by the president of the United States in sending for its officials and submitting to them the plan of the operators.
3. That the operators owed it to humanity to make some concessions toward settling the strike as soon as possible.
4. That the rights of the mine workers' union and non-union men alike would be respected in accordance with the wishes of President Roosevelt.

Mitchell said that he had done everything in his power to gain all the concessions demanded by the mine workers. He asked if there was any dissatisfaction, intimating, if there was, his willingness to step aside and permit any other man to take up the work. This declaration, diplomatically veiled, was rejected at once, and although there was considerable discussion over various points in the arbitration scheme, when the project of calling the convention was put to a vote it was carried unanimously.

It is expected that some objections will be raised on the floor of the convention, but the officers are confident that the opposition will disappear when President Mitchell explains all the features of the modified proposition to the delegates.

ACCEPT LIPTON'S CHALLENGE

NEW YORK YACHT CLUB READY FOR CUP RACE.

Bristol, R. I., Oct. 17.—The order for the new cup defender in the races with Sir Thomas Lipton's Shamrock III. has been placed with the Herreshoffs here, according to a report from an authoritative source. Plans for the new craft were drawn up many weeks ago in anticipation of the challenge and orders were placed for constitutional metal and other requisites, so that the builders are now practically ready to begin work as soon as the material has been assembled.

ACCEPT LIPTON'S CHALLENGE.

New York, Oct. 17.—Sir Thomas Lipton's third challenge for the America's cup, sent by the Royal Ulster Yacht club, was made public at the New York Yacht club last night, after being read and accepted by a committee appointed for that purpose. The challenge is almost identical with that sent by Sir Thomas in 1900. There was not a particle of doubt about its acceptance by the club after it had been read on Wednesday. Commodore Ledyard being quite ill at his Newport home, Vice Commodore Fred G. Bourne presided at a meeting held in the committee room. Commodore Ledyard was then called up by long-distance telephone. He appointed the following committee: Vice Commodore Bourne, Secretary George A. Cormack, Edwin D. Morgan, E. M. Brown, J. P. Morgan, J. M. Forbes, Archibald Rogers and William Butler Duncan, jr. All the members of this committee, excepting Mr. Morgan, were present. The committee went into secret session and the challenge was read to them, while hundreds of yachtsmen, impatient to hear the news, stood in the big model-room downstairs. In about an hour the committee announced that the challenge had been accepted.

FORM NEW LAW PARTNERSHIP

A. H. BITTINGER AND A. E. HOUCK JOIN FORCES.

Firm Name Will Be Bittinger & Houck, With Offices in Fixley-Long Block.

Bittinger & Houck is the name of a new legal partnership consummated today, the members of the firm being A. H. Bittinger, for many years a well known Fort Wayne attorney, and A. E. Houck, a young practitioner who located in the city some months ago.

Mr. Houck is an Allen county boy, and a graduate from the law department of Indiana university. His office has heretofore been with Ellison & Keegan. The new firm will retain the offices in the Fixley-Long block occupied for some years by Mr. Bittinger.

CORONER'S FINDING.

Coroner Barnett shortly before noon today completed the taking of testimony in the case of John F. Reid, who was crushed beneath a car in the yards of the Pennsylvania company on Wednesday. Dr. Barnett finds that Reid died from internal hemorrhage from the rupture of the left renal artery and four intercostal arteries upon the left side, the result of being crushed beneath a car in the Pennsylvania yards, fracturing five ribs. The coroner's examination was made upon the demand of a brother of the dead man.

FILED SPECIFICATIONS.

The Commercial Improvement company today filed with the Fort Wayne and Southwestern Traction company a statement of the improvements it desires made on West Taylor street, including approaches to the new bridge and the grading of the west end of the street. The improvement company claims, should be done by the Traction company. General Manager Nelson will submit the

matter to the directors of the company.

HELD FIRST MEETING.

The Isaac Knapp Dental Coterie held its first meeting of the season last evening at the office of Dr. J. H. Adams, and the attendance was large. Dr. Adams presented a paper on "Dental Prosthesis." Dr. J. W. Thompson was admitted to membership in the coterie at the meeting.

FIND HORSE STOLEN AT LEO

RIG WAS HITCHED TO FENCE NEAR NEW HAVEN.

Property Turned Over to Sheriff by Town Marshal—General News of the Courts.

The horse and buggy stolen at Leo night before last were recovered yesterday morning, not long after the robbery was committed. The rig was found north of New Haven at the farm of Barney Kamp, where the animal was found tied to a fence. Mr. Kamp went to notify the marshal and that officer took possession of the outfit. Sheriff Stout was then notified by the marshal and last evening went to New Haven and brought the find to town. It is presumed that the rig was left there as a blind to lead the officers to suspect that the thieves had taken a train at New Haven to get out of the country. The officers, however, do not think that the fellows are far away and believe that the job was done by local talent.

In the superior court the Golden divorce case was up for another hearing. The defendant, Mrs. Jennie Golden, filed a cross complaint which was objected to by the plaintiff. The objection was overruled and excepted to and the cross complaint was admitted, to which the plaintiff entered a general denial. The case is now on the back seat until the statutory time for filing the bill of exceptions shall have expired. The cross complaint alleges cruelty, neglect, failure to provide and kindred causes for divorce.

In the case of the state in relation to Henry Schrader vs. Daniel Wolf, charged with assault and battery, on appeal from Justice Tancey, the evidence was heard and was taken under advisement by Judge O'Rourke.

The sheriff's deputies are engaged in posting election notices throughout the county. The notices in the city have been posted.

Cecilia Yoquelet has commenced divorce proceedings against Louis L. Yoquelet.

The county commissioners will be in session tomorrow to transact miscellaneous business.

In the case of Hedekin vs. Gillespie the costs were paid and the cause dismissed.

In the case of Henkenius vs. Leikauf judgment was rendered on the verdict from which the defendant appealed and filed a bond for \$300.

The superior court jury will report again on Monday next.

WOULD REVIVE OLD TREATY

RUSSIA MAKES PROPOSAL TO TURKEY.

Would Keep Foreign Warships From Black Sea, But Permit Russia to Pass Dardanelles.

Vienna, Oct. 17.—The Austro-Hungarian foreign office entirely disregards the report, telegraphed from Bucharest, Roumania, to the London Daily Mail, that Russia has proposed to Turkey a revival of the Unkar-Skelessi treaty of 1833, which established a Russian alliance, under the terms of which the government of Turkey undertook at Russia's request to exclude in time of war all foreign warships from the Black sea, while Russia undertook at Turkey's request to furnish her aid by land and sea, if necessary. It is pointed out at the foreign office here that all the European powers are concerned in the existing treaties governing the passage of the Dardanelles by foreign warships and that it is impossible for Russia to modify them without the consent of the co-signatories.

The Austrian ambassador at Constantinople has also assured the foreign office in this city that no political matters were discussed during the recent visit to the sultan of the Grand Duke Nicholas of Russia, who is said to have made the proposition referred to.

CELEBRATE GOLDEN WEDDING

HAPPY EVENT IN ST. JOSEPH TOWNSHIP TODAY.

Mr. and Mrs. Jacob Auer Were Married in Fort Wayne Just Half a Century Ago.

Mr. and Mrs. Jacob Auer, residing in St. Joseph township, near Goselin, are today celebrating at their pleasant country home the fiftieth anniversary of their wedding, and the ceremony of half a century ago was repeated this morning, Rev. Jensen, of St. Peter's church officiating.

Mr. and Mrs. Auer are each 74 years of age, and both were born in Germany. Mr. Auer coming to America in 1847 while his wife preceded him by three years. They were united in marriage in Fort Wayne fifty years ago today by Rev. Dr. Silher, then pastor of St. Paul's Lutheran church, and have spent practically their entire married life at the delightful homestead where the anniversary celebration was held today.

Eight children were born to them, and all are yet living—Miss Caroline Dressler, of St. Joseph township; Mrs. Louisa Pook and Mrs. Mary Sievert, of Whitley county; Mrs. Anna Brueggemann, of St. Joseph township; Mrs. Minnie Bulemann, of this city, and Messrs. Edward, William and Henry Auer, of Whitley, the latter named all substantial farmers. All were present today with their families, including forty-three grandchildren and five great-grandchildren. Mr. Auer is one of the progressive citizens of St. Joseph township, and has acquired a substantial competency. Among those present today from Fort Wayne were Justice and Mrs. H. F. Bullermann, the latter being a daughter of Mr. and Mrs. Auer.

SEVERAL ASSAULT CASES.

Last Saturday Woodburn and Shirley City were again involved in turmoil. The result was that Herman Miller, the town marshal, filed affidavits in France's court charging Cain Baker and Martin Baker with public intoxication yesterday. Justice France heard the testimony yesterday and fined each of the defendants \$1 and costs. The cases were promptly appealed and an appeal bond was executed.

On the evening of September 25 Caleb Townsend, a Jefferson township farmer, and Solomon Kell, a

Later affidavits were filed, some of which were disposed of by Justice Bullermann yesterday. He assessed a fine of \$3 and costs against Kell for assault and battery on Townsend, from which the defendant appealed. He heard the evidence in the case of Kell vs. Townsend for assault and reserved his decision. In the matter of the charge preferred against Townsend alleging public intoxication no evidence has been heard and the case was carried over until some future time.

THE MINE WORKERS' BACK

(Continued from Page One)

Bring amicable relations and wholesome conditions in this region. We forgive them even the false accusations which they have made against us. They charged us with being criminals, rioters and anarchists, and our organization they denounced as "lawless and irresponsible." They know and did know that their charges were untrue and without foundation in fact; they know that every officer of the United Mine Workers of America from the president down has constantly urged upon its membership the imperative need of respecting the law; that "every man who commits a deed of violence is an enemy to our cause" has been our watchword. Despite these admonitions, supported with all our influence, there have been a few crimes and a number of misdeeds chargeable to those on strike. But, Mr. President, we make the unqualified declaration that the imported guardians of law and order, the companies' coal and iron police, have committed more unprovoked murders during this strike than can be charged to the great army of men who have been in idleness for the past five months. We have repeatedly and in language not susceptible of misconstruction condemned transgressions of the law on the part of those on strike, and we challenge the coal companies to point to one public utterance on their part in which they have even deprecated acts of violence committed by their hired guards.

We declare that it was unfair and unmanly for the coal road presidents to insult us while we were your guests and to charge our organization with responsibility for acts of lawlessness during the strike. It would be just as logical to charge the American army in the Philippines with being an army of murderers, torturers and robbers because a few crimes were committed by soldiers there. Until the millennium there will be crimes in every community, and human nature is the same, no better and no worse, among the half million people dependent upon us in the coal fields as it is everywhere in our country.

The pretense of the operators that they were unable to produce coal because intimidation kept from work men who were willing to work has been proven false by the fact that the production which they demanded has decreased rather than increased the number of men mining coal. A hundred thousand troops could not have enabled the operators to start their mines, for the simple reason that the men who work them are members of the United Mine Workers of America—men who were determined to stand to the last for their right to organize and through their organization to demand better wages and improved conditions of employment. Deprivation, misrepresentation and troops together were not sufficient to drive them into surrender. They stood shoulder to shoulder to the very last.

The operators declared that they would have nothing to do with the

RUNDELL

Mr. C. W. Wybourn, 383 South Lafayette street, Fort Wayne, has the following to say about Rundell's Rheumatic Cure:

Gentlemen: For the past six years I have been suffering with rheumatism in a mild form, but during the past winter I was confined to my bed for six weeks with the dreadful disease. My whole body was affected, could not move a limb. During the six weeks my family doctor administered to me without any effect. Being advised to try Rundell's Rheumatic Cure I sent for a bottle, and in less than a week I was out of bed and about the house. I went up town myself for the second bottle, and was at work at my old position in the Pennsylvania company shops before I commenced on the third bottle. I most heartily recommend this medicine, as it not only cured me of a very severe case of rheumatism, but it has also built up my whole system and I feel better now than at any time during the past few years.

I consider mine a very speedy and wonderful cure.

United Mine Workers of America, but they have found it necessary to recognize the power of the United Mine Workers of America through you, Mr. President, and to seek terms of peace which will enable them to resume their business of mining and selling coal. The recognition of our strength thus forced upon the operators by stern necessity we exult over, not in any narrow spirit, but because we believe it marks a forward step toward a new era. Upon the foundations laid through war we are ready to join with them in building for better conditions and a long and lasting peace. The United Mine Workers of America, since its organization in the anthracite field, has constantly sought to establish:

First, fair wages and just conditions of labor, conditions just to both operators and miners. We have never made demands beyond the ability of the industry to pay on a basis of equitable division of profits between labor and capital.

Second, amicable relations between employers and employees, the latter speaking through their organization, and their organization aiding the companies in maintaining discipline, adjusting all difficulties by conciliatory methods, averting local strikes and lock-outs and securing stable and satisfactory conditions to the industry.

Our organization, by the same methods which we have proposed here, has secured just such relations and just such results in the soft coal fields of the country. Organization, like an individual, must stand upon what it has done and the life it has lived. We invite scrutiny and investigation of our record and character. In the soft coal fields we have joint conferences with the operators and with them we adjust differences, we sign joint agreements, together we preserve discipline, settle disputes and maintain harmony and stability in the trade. We have asked the anthracite operators to inquire of the soft coal operators how well they are pleased with their business relations with us, whether or not we keep agreements and render satisfactory service for wages paid to our members. One business man might thus learn of another what is the character of our organization. Many soft coal operators have publicly declared that they would not dispense with our co-operation and would deem it a disaster if compelled to get back to the chaotic conditions which existed when their labor was unorganized. Upon our past record we are willing to stand or fall. We have, time and time again, invited the anthracite operators to adopt these business methods and to deal with us on this basis. Despite repeated rebuffs we persisted, but they resented any attempt upon our part to organize their employees; they refused our overtures for amicable discussion and possible satisfactory adjustment of wage differences in joint conference. They refused to have any dealings with their employees except as individuals; they refused concessions and refused arbitration; they put their backs against the wall of prejudice and their faces arbitrarily against progress; they thought themselves stronger than the great union principle which is making such strides throughout the world; that while combining their corporations and pooling their interests in hard and fast alliance, they could deny the men who worked for them the right to organize and speak through their organization.

When the inevitable conflict came on they attempted to justify themselves upon the false plea that ours is an irresponsible organization, when we demonstrated our responsibility and reliability they then asserted that we were a lawless organization which was dominating by violence. When society attempted to interfere to settle the strike they declared their divinity appointed right to be let alone. When representatives of national and state governments tried to mediate they resented such "meddling by politicians." But, thanks to you, Mr. President, and to the power of public opinion, they have been brought to a realization of the fact that the interests and welfare of the American people cannot be ignored with impunity.

By the eminent tribunal which you have named we have confidence that justice will be done our people. We are glad to have a chance to appear before such a court empowered to consider and dispose of all questions at issue.

The Rurode Dry Goods Co.

First among these is the demand of the miners for increased wages and a reduction in the hours of labor; second is the relations which ought to exist between the employers and the organization which the men have formed and which they authorize to speak for them.
From this arbitration we hope and believe will come a complete satisfactory and permanent solution of the troubles which have vexed the anthracite field from time immemorial.
Respectfully yours,
John Mitchell,
President U. M. W.

WEDDING IN THE COUNTRY.
Thursday at the country home of Mr. and Mrs. John A. Genth, in Lafayette township, occurred the marriage of their daughter, Miss Tena, to Otis Horn, son of Mr. and Mrs. Nathan Horn, of the same township. The ceremony was performed at 5 o'clock p. m. by Rev. J. W. Lake, pastor of Calvary U. B. church, this city. The bride was attended by her sister and the best man was a brother of the groom. About 100 guests were present at the ceremony and later sat down to a sumptuous wedding dinner. Many costly, useful and beautiful presents were received by the bride. The young people are members of two of the best known families in Lafayette township and start in life under most happy auspices.

QUALITY, WORK AND PRICE.

WAYNE DRY GOODS CO.,
 904 Calhoun St., Old No. 96.
 Formerly of the old retail store of Geo. DeWald & Co.

Chicago, Oct. 17.—Wheat was weak on the cables, but recovered later on a good demand with light offerings. A report from the United Kingdom stated that the crop there was the poorest in twenty years. Strength in corn was also a sustaining factor. Weather prospects were for scattered rains and there was some buying on this account. December opened a shade to 1/4c lower at 71 1/2c to 71 3/4c, later selling up to 72 1/4c. Minneapolis and Duluth reported receipts of 784 cars, which, with local receipts of 110 cars—3 of contract grade—made total receipts for the three points of 574 cars, against 594 cars last week and 787 cars a year ago.

A decline followed on heavy liquidation of May, which also affected December, but the market again advanced toward the close, with final figures on December 1/2c higher at 72 1/2c.

Realizing by longs on the advance caused a sharp decline, December selling down to 52c, but another rally followed and December closed 1 1/2c higher at 52 1/2c.

There was active trading in corn during the opening hour with an especially strong demand for December, which caused a sharp advance in that delivery. Appearances went to show that the same prominent long who has been buying the market of late was again an active buyer, and this resulted in an urgent demand from all sources. Early cables failed to respond to the advance here yesterday, and there was some selling at the start on this account. December opened a shade lower to 1/2c higher at 51c to 51 1/2c, but rallied to 53 1/2c. Local receipts were 353 cars, with 63 of contract grade.

Oats opened steady with light trade. The market was influenced chiefly by the action of corn. December opened a shade higher at 31 1/2c and trading was confined within a narrow range. Local receipts were 163 cars.

Provisions opened firm on higher prices of hogs and the strength in corn. There was a fair demand for January pork. January pork opened unchanged at \$15.95; January lard 5c higher at \$9.35, and ribs 2 1/2c higher at \$8.45.

THE CLOSE.

Prices at the close were as follows: Wheat—Dec., 72 1/2c; May, 73 3/4c to 74c.

Corn—Oct., 61c; Nov., 58 1/2c; Dec., 52 1/2c; May, 44 1/4c to 44 1/2c; July, 43 1/4c.

Oats—Oct., 31 1/2c; Dec., 31 1/2c; old, 28 1/2c; May, 32 3/4c to 33 1/4c.

Pork—Oct., \$17.45; Jan., \$16.62 1/2; May, \$15.12 1/2.

Lard—Oct., \$11.20; Nov., \$10.50; Dec., \$9.70; Jan., \$9.30; May, \$8.60.

Ribs—Oct., \$12.00; Jan., \$8.47 1/2; May, \$8.05.

Flax—Cash N. W., \$1.19; S. W., \$1.18; Oct., \$1.18; May, \$1.20 to \$1.22.

Rye—Dec., 49 1/4c.

Barley—Cash, 35c to 35 1/2c.

Timothy—Oct., \$4.15.

Clover—Oct., \$11.25.

THE DAY ON WALL STREET.

New York, Oct. 17.—The market showed some slight irregularity at the opening under the influence of traders realizing and outside buying orders inspired by the demonstration of strength yesterday. Fluctuations were of the merest fractions either way except in some of the soft coal stocks, Baltimore and Ohio rising a point and Wheeling and Lake Erie second preferred 2. Norfolk and Western sold on a spread from 79 1/2c down to 79 1/4c with 3,500 shares changing hands. Yesterday's closing was 79 1/2c. Dealings in all the leading stocks were in large amounts and there was a good distribution of trading.

The tone of the market did not remain undecided long as large orders poured in for Baltimore and Ohio, Norfolk and Western, Missouri Pacific and St. Paul and their resultant sharp rise helped to advance the general market.

was the leader in point of activity and strength and rapidly advanced 3 1/2 to 10 3/4. Other soft coal stocks, including Hocking Valley and Chesapeake and Ohio rose strongly in sympathy, but the anthracite coal stocks did not register more than fractional improvements. Norfolk and Western advanced to 80 1/2, but later reacted to a fraction below last night. Gains in a number of less important stocks reached a point or more and there were exceptional improvements of 3 in Canada Southern, 3 1/4 in Wheeling and Lake Erie second preferred, 5 in New Haven and 5 1/4 in Iowa Central preferred. Large realizing sales caused a reaction before 11 o'clock reaching a point in Baltimore and Ohio, Chesapeake and Ohio, Missouri Pacific, Manhattan and Sugar.

Dealings were comparatively small during the second hour and prices receded slowly, in some cases to below last night, notably for Louisville, Sugar and Pennsylvania. Subsequent large buying of United States Steel started the general buying movement in other independent steel properties and Tennessee Coal, Republic Steel stocks and Colorado Fuel responded with gains of a point or more. The rise in United States Steel stocks was confined to a large fraction, but their strength had a stimulating effect on the general market, which hardened again at noon.

Bonds were steady and moderately active at noon.

LIVE STOCK MEN MEET.

Pittsburg, Pa., Oct. 17.—The 17th annual convention of the National Live Stock association began here this morning with a meeting of the executive committee. Later the convention opened with addresses of welcome by Recorder Brown and James Francis Burke. The convention will close tomorrow night. Three hundred delegates are in attendance, representing live stock exchanges in Chicago, St. Louis, Indianapolis, Pittsburg, Buffalo, Philadelphia, Milwaukee, Peoria, Louisville, Fort Worth, Omaha, Kansas City, St. Paul and St. Joseph.

Edward Seidel, who had filed a complaint against Wolf Bros., the clothiers, for maintaining a band stand over the sidewalk in front of their place of business, charging a nuisance and a misdemeanor, today withdrew the complaint. Mr. Seidel's attorneys say the complaint was withdrawn because the business neighbors of the firm named refused to become witnesses against the defendants.

SUIT IS WITHDRAWN.

Thomas H. Watkins, another member of the commission, said he had not yet been officially notified of his appointment.

Landis non est, and he may be

President Roosevelt acquitted him-
self most admirably in his effort to
end the strike, but the American pub-
lic can do a little blowing on its own
account. After all, it was the mani-
fest temper of the people that brought
the coal operators to time.

There is altogether no reason why
any voter in the Twelfth district who
has supported Congressman Robinson
should abandon him now. There can
not be pointed out a single advantage
the district would gain by election of
his opponent to offset the numerous
advantages the district would lose by
Mr. Robinson's defeat.

A uniform divorce law for all the
states will be a long time coming,
doubtless, but that need not offer any
serious interference to some reforms
of the divorce laws of Indiana.
When one marriage in every seven
proves a failure sufficient to secure a
decree of divorce in an Indiana court,
it may be set down as a demonstrated
fact that marriage is cheapened by
the ease with which an annulment of
it may be procured. Reform of the
divorce laws and establishment of
work houses for shiftless and brutal
husbands will go very far to make
marriage less a failure in Indiana
than now seems to be the case.

John Mitchell, president of the
mineworkers' organization, has won
not only a great victory for the men
he leads, but a distinct personal
triumph for himself. Opposed in the
first place to the strike which the
miners were anxious to inaugurate,
he gave it his best support, his most
able direction and wisest counsel,
once it had been declared. He has
displayed not only the highest quali-
ties of leadership, but singularly
striking powers of self-control. The
temptation has frequently been
great for him to abandon conserva-
tive courses, but he has admirably
restrained himself and what is more
has restrained the men who look to
him for leadership. In an honest
estimate of John Mitchell as a leader
there must be taken into account the
important fact that the great body
of men under him is composed of
foreigners of low intelligence and
turbulent mind. To them an appeal
to violence is a perfectly natural re-
course. That Mitchell has so thor-
oughly kept them inside the line of
the law marks him as a man of ex-
traordinary qualities. He comes out
of the struggle recognized by the
public as an honest, capable and fear-
less leader. It is probably without
precedent that a labor leader has
come out of a long and bitter strug-
gle unscarred, but out of the great
conflict just ended John Mitchell
emerges a vastly greater man than
when he went into the battle.

WAS A LARGE PARTY.

The Southwestern last evening had
two special cars loaded with members
of the Pathfinders' lodge into Hunt-
ington, one of them from Fort Wayne
and a second from Wabash. Each
carried about seventy-five people.
The Fort Wayne party reached home
at 1:30 o'clock this morning.

LIVELY T E IN DECATUR

RACE WEEK GIVES THE TOWN A
TASTE OF HIGH LIFE.

Many Good Old Games are Paying
Big Dividends on Preferred and
Common Stock.

There are great doings at Decatur
this week at the races and what the
association fails to make the army
of gamblers on the grounds will take
care of and should divide with the
race promoters. Fort Wayne was
pretty well represented there yester-
day and some Fort Wayne money got
badly tangled up with the spindles
and slot machines. There is every-
thing on the grounds except a chance
for a man to get any part of his
money back.

"I never saw anything like it,"
said a well known Fort Wayne busi-
ness man who has been on earth
considerably over a week. "Some-
time the good people of Fort Wayne
are inclined to kick at the privileges
extended during festival and race
weeks and some deary the games and
the pool selling allowed at the races.
They should have been down there
yesterday. Get the money! Why
say, our Fort Wayne meetings look
like a bible class meeting in a Sun-
day school compared to that. You'll
never hear me kick again—and I
have kicked. Not me."

One fellow got in seven dollars
against a funny spindle game and
was told that the only way he could
get his money back would be to
double his bets and break the bank.
He dug up twelve dollars more and
when the last two of that disappear-
ed, he threw up both hands and
fainted. A farmer who lost \$45 try-
ing to embarrass "Old Bill" stood off
the bar for two drinks of whiskey,
got into his lumber wagon and
whipping up his horses ran amuck
through the crowd. Another fellow
had an idea he could wind up the
business of a slot machine and got
wound up himself; he then kicked
in the front of the machine and got
himself arrested for disorderly con-
duct. Several big plays were made
and when the suckers "hollered," a
settlement was made by giving the
sucker back from ten to twenty per-
cent of his losses. Tomorrow is
"get-away-day" and what will come
off then, in view of the week day
trades on the open board may be
imagined by someone who has the
right kind of an imagination. The
town was advertised as being
"open" this week and from all ac-
counts it is open and then some.

MILK WAGON DEMOLISHED.

One of the delivery milk wagons
of the Poinsett dairy was completely
demolished on the Spy Run bridge
shortly after 12 o'clock today. The
horses took fright on Superior street
and ran east. At the bridge the speed
at which they were going would not
admit of a safe turn and the wagon
went over on its side and was smash-
ed into kindling wood against the
iron girders. There was no one in
the vehicle and the horses were not
in the least injured.

IS TRAVELING SALESMAN.

Louis J. Miller has resigned a
clerical position with the Eurode dry
good house and has taken a position
as travelling salesman with a whole-
sale dry goods establishment in De-
troit. Mr. Miller was "on the road"
in the interest of Root & Co. a num-
ber of years, but a short time after
that firm was reorganized under its
present name he quit the road and
took a position in the store room.
He will continue his residence in this
city.

KAISER WILL COME HOME.

William C. Kaiser, hospital steward
in the United States army, writes
friends in the city under date of
Catalogaw, Samar, P. I., Sept. 2, that
he was coming home to take treat-
ment for a disease with which he
has been afflicted two or three
months. The letter stated that he
would go to Manila at an early date
and there await transportation to the
United States. He will stop an in-
definite period at the general hospi-
tal, Presidio, Cal., and it is probable
that he will reach that place in a
day or two, if he is not already there.

BANKING FIRM ASSIGNS.

New York, Oct. 17.—Theodore Gil-
man and Winthrop S. Gilman, com-
posing the firm of Gilman, Son & Co.,
bankers and brokers of this city,
whose failure was announced yester-
day afternoon, today assigned for the
benefit of creditors to Bainbridge
Colby.

CHAUTAUQUA HOTEL BURNS.

Jamestown, N. Y., Oct. 17.—The
Grand hotel at Point Chautauqua,
one of the largest and finest hotels
around Chautauqua Lake, was burn-
ed to the ground today, together with
its contents, also the amusement hall

and a summer cottage owned by the
hotel company. The hotel was owned
by a Beaver Falls and Buffalo syn-
dicate. The loss will be fully \$200,-
000.

A MEXICAN OUTRAGE.

Bisbee, Ari., Oct. 17.—Two Mexi-
cans were run over by a train at
Agua Prieta, across the international
line from Douglass, Ari., yesterday.
One was killed and the other badly
injured. The trainmen were imme-
diately arrested and placed in the
Mexican jail. They are Ed Patter-
son, engineer; Fred McDonough, fire-
man; George McGorse, yardmaster,
and F. H. Kidd, switchman. Excite-
ment is intense at Douglass. Super-
intendent Morgan has persuaded a
party of railroad men not to cross the
line to liberate the Americans.

looks infirm and that the length of
his stay in the Riviera will depend
on his health.

GUIDI STARTS FOR MANILA.

Rome, Oct. 17.—Archbishop Guidi,
the apostolic delegate in the Philip-
pines, and his secretary, Father
O'Connor, started today for Marsell-
les, from which port they will sail

for Manila. They will
gathered at the railroad station by a large
gathering of distinguished nation-
officials, heads of religious bodies and
representatives of the ministers ac-
credited to the vatican. The arch-
bishop has taken with him all his
episcopal robes, as he intends to en-
ter Manila in full state.

KITCHENER GOES TO INDIA.

London, Oct. 17.—Lord Kitchener
started today for India, to assume
command of the British forces there.
He goes by way of Paris and will
visit Khartoum. Absolute secrecy
was maintained regarding all the ar-
rangements for his departure, so he
got away unnoticed.

OF THE DAY

MRS. L. AND MOORE SUC.
COMES TO DIABETES.

Passed Away at the Home of Her Daughter, Mrs. P. J. H. Myers.

—Other Mortuary Matters.

Mrs. Frances C. Moore, nearly sixty-six years of age, died at 11 o'clock this morning at the residence of her daughter, Mrs. P. J. H. Myers, 2418 South Harrison street, with whom she had made her home for a number of years.

Death was due to diabetes. Mrs. Moore was a native of Cincinnati, born December 20, 1836. Her husband died several years ago. Funeral services will probably be held from the residence in this city Saturday at 2:30 p. m. The remains will be taken to Cincinnati for interment, the funeral party leaving early Monday morning over the Cincinnati, Hamilton and Dayton line.

THOMPSON

The infant child of Mr. and Mrs. William Thompson, of South Broadway, died Thursday night from exhaustion at the age of six days.

Funeral services were held this afternoon.

ROBERTS.

Hazel Roberts, six years of age, daughter of Mr. and Mrs. Samuel Roberts, died at 9 o'clock this morning at the residence, corner Clinton and Columbia streets, from tuberculosis of the bowels.

The funeral services will probably be held on Sunday.

FUNERAL ANNOUNCEMENTS.

Brabant.—Funeral services of Edna Brabant will be held Sunday afternoon at 2 o'clock from the residence, 2332 Gay street, Rev. A. O. Swinehart officiating.

Weidmann.—Funeral services of Michael Weidmann will be held Sunday afternoon at 1:30 o'clock from the residence, 1330 Rockhill street, and at 2 o'clock from St. John's Lutheran church.

Parks.—Funeral services of Volney Parks will be held Sunday afternoon at 2 o'clock from the residence of A. C. Beaver, on South Broadway. The interment will occur at Lindenwood.

SAGE IMPROVES IN HEALTH.

New York, Oct. 17.—Twice yesterday Wall street heard the report that Russell Sage was dead. The rumor was circulated first in the morning and was denied promptly by Dr. Munn. Again in the afternoon it cropped out. A reporter who called at the home of Mr. Sage saw Dr. Munn and Mrs. Sage. They said the financier was in better health than he had been for weeks.

"This rumor is absurd," said Dr. Munn. "Mr. Sage is practically a well man. He is up and running about the room like a 17-year-old boy. He has just stripped down like an athlete for me to examine his chest."

"Why," interjected Mrs. Sage, "he was about to go around to the stable to see his coachman when the man came to the house. Many a time he has come up on business from his country home when he felt worse than he does today."

Dr. Munn also said it would be perfectly prudent for Mr. Sage to go where he pleases in a day or two.

ARCHBISHOP YET UNKNOWN.

Washington, Oct. 17.—It is denied at the apostolic delegation here that there is any foundation for the statement that Bishop Spalding, of Peoria, has been appointed archbishop of Chicago, to succeed the late Most Rev. Patrick A. Feehan. It is said that the papers in this case reached Rome too late for consideration by the congregation of the propaganda before its regular recess and there is no authority in Rome which could announce the appointment, except the pope himself, which would be contrary to all precedent. It is believed that the appointment of Bishop Spalding as one of the arbitrators of the coal strike will have a great influence at Rome to assure his selection for this promotion. The fact that President Roosevelt during a crisis in American politics should have selected the bishop of Peoria as his personal choice and representative is a compliment which the Roman curia will be loath to ignore.

POWELL AT SAN DOMINGO.

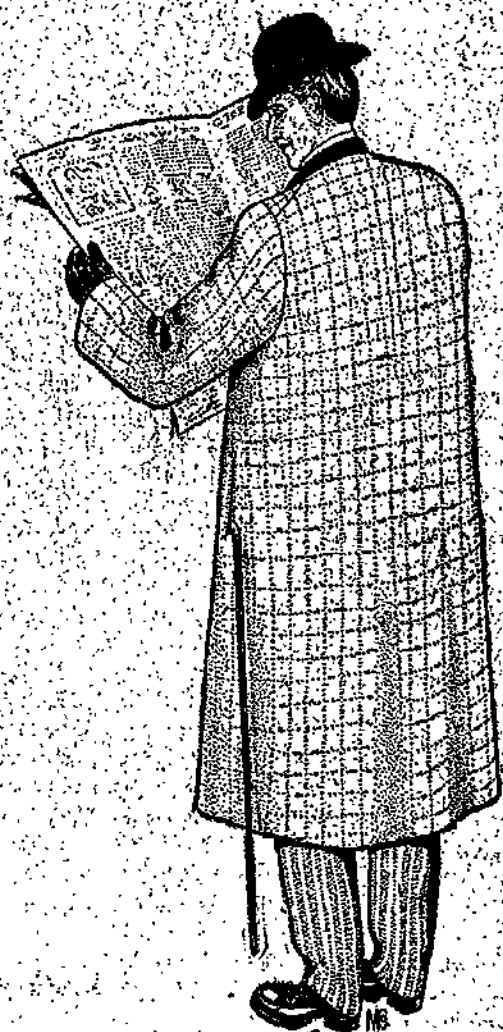

San Domingo, Santo Domingo, Oct. 17.—United States Minister Powell has arrived here from Port-au-Prince, Hayti, on a special mission for his government.

The best cheese made in Switzerland is usually exported and is seldom to be had even in the famous hotels of that country.

NOT TRUE HEROISM

To "Grin and Bear" Rheumatism a Relic of the Past.

Grit your teeth a minute while you listen to this story. If you have Rheumatism it is because you have an excess of Uric acid, which has clogged your blood, the same as floating ice does a river. Only the Uric acid poisons in addition. You cannot be freed from Rheumatism until this Uric acid is dispelled. It can be dispelled because we have done it and are doing it every day with Athlophoros.

We have found the action the quickest when the pain is the greatest.

With half a bottle and in twenty-four hours Athlophoros has enabled men to get out of bed and go to work. There is no need to stand pain.

We say it advisedly. One bottle of Athlophoros will show if it will act on you. If it does you good you will thank us for belittling your heroism. If it does not do you good we hold ourselves ready to give your case special consideration and advice without charge.

The Athlophoros Co., New Haven, Conn., will send a bottle for one dollar if your druggist doesn't keep it.

MR. COTTER HERE

THE NEW WABASH SUPERINTENDENT GOES OVER LINE.

WILL RETURN HERE SOON

TO LOOK OVER THE YARDS AND VISIT SHOPS.

SOME VERY BAD ACCIDENTS

WILLARD HAINES LOSES THREE FINGERS AT WABASH SHOPS.

Supt. S. E. Cotter, of the Wabash, spent an hour in the city today. With several of his officials, he is out on an inspection of the Toledo and the Detroit branches of the eastern division, traveling by special train. Superintendent Cotter made a similar trip over the western part of the division Wednesday and Thursday. In conversation with a Sentinel reporter Mr. Cotter stated that he would cover the Toledo line today and tomorrow go over the Detroit line, returning to Peru tomorrow evening. He said he expected to return here in a few days to make a visit to the shops and to become acquainted with all the Wabash men here as far as possible. He visited Fort Wayne several times before and remarked that he had been in our court house, which, he said, was a "magnificent building." The party took dinner at the McKinzie house and left immediately after for Toledo. Accompanying Mr. Cotter on the inspection trip are Trainmaster C. E. Wells, General Roadmaster A. B. Adams, Chief Dispatcher J. C. Sullivan, Traveling Engineer A. S. Mead, Resident Engineer A. G. Trippier and Division Roadmaster M. Lumm.

GOING TO A CONVENTION.

Mr. and Mrs. N. W. Thompson went to Chicago today, where they will visit friends until Monday, when they will go to Minneapolis, Minn. Mr. Thompson will attend the annual convention of the National Association of Bridge Superintendents, which will be held in that city next week. He takes an important part in this meeting, being one of the oldest members of the association and having a vast experience in bridge building as it is conducted by railway companies. Mr. Thompson was superintendent of maintenance of way of the Pittsburg for a number of years.

JESSE GODFREY VERY SICK.

Jesse Godfrey, a Nickel Plate fireman, was brought to the city and taken to St. Joseph hospital today. He has been very sick for six months and some time ago went to his old home in the hopes that the stay there would be beneficial. It was not and now he comes back here to take treatment at the hospital. Mr. Godfrey is a member of A. G. Porter lodge, B. of L. F.

BOILERS FOR BROOKSIDE.

Two 100-horse power boilers, built at the Bass shops, were taken out to Brookside, Mr. Bass' suburban home, this morning, where they will be installed in the heating plant for the magnificent house and the hot houses near by. A 150-horse power boiler for the Hamrod Coal company, Westville, Ill., also left the Bass works today.

WILL OPEN NEW TRACK.

At noon tomorrow the Pennsylvania will open one mile of new running track at Plymouth, where great improvements are in progress. The track in question extends from Ber-

lin' tower to the telegraph office west of Plymouth.

THE ACCIDENTS.

Willard Haines, a machinist in the night gang at the Wabash shops, met with a serious accident last night. While operating one of the planers his right hand was caught in the machine and the second, third and fourth fingers were injured so badly that the surgeon had to amputate them. The unfortunate young man went to the Peru hospital this morning to remain until he recovers.

Chester Agster, an apprentice in the same shop, had the third finger of his left hand caught in a machine he was operating yesterday and so badly injured that Dr. Macbeth had to amputate the digit at the second joint. Chester is the son of Charles A. Agster, of the Wabash shops.

Joseph Noeth, an attendant at the Pittsburg round house, is off duty on account of an injured finger.

Blacksmith F. X. Miller, of the Pittsburg, had the back of his left hand badly squeezed between two pieces of heavy iron yesterday and will be off duty a few days in consequence of the accident.

Pittsburg Conductor W. F. Koontz, Brakemen C. A. Bruce and H. Pressnall are off duty on account of personal injuries, but as details are wanting in each report, it is supposed that they are not badly hurt.

SURPRISED A MACHINIST.

Last evening Charles Hausbach, a machinist at the Wabash shops, was greatly surprised by a number of his friends in celebration of his twenty-first birthday anniversary and also the tenth anniversary of his signing the temperance pledge. The early part of the evening was devoted to card playing and dancing and at 11 o'clock luncheon was served. Miss Helena Schumacher and M. Hausbach took first prizes and the congratulations went to Miss J. Palmer and A. J. Blakeley. Mr. Hausbach received a number of fine presents.

HEAVY TRAINS' FAST RUN.

Train 21, which was made up of ten heavily loaded coaches, covered division C of the Pennsylvania in 187 minutes yesterday, which is fifty-three minutes less than the regular schedule time of that train. In making the run four stops occurred, one for water, and allowing fifteen minutes for these it leaves the actual running time two hours and thirty-two minutes. The distance covered was 131 miles. Engineer M. Brucks was at the throttle.

NEW OPERATOR AT YARDS.

There are two operators on the day trick at the Nickel Plate yard office now owing to the increased work of the fall and approaching winter. For six weeks James M. Dale was sole operator there, but he now has an assistant in the person of E. C. Schultz, recently from Stony Island. Operator D. S. DeVine, who was working nights here, has been transferred to Argus.

INSTALLING AN AIR HOIST.

Foreman Henry Shuster's gang of carpenters are engaged in putting up a new hoisting machine at the east shops for the passenger car department. This hoist is for the purpose of facilitating the handling of passenger car trucks and it can be used for other purposes.

PUTTING IN LIGHT PLANT.

The Packard Piano and Organ company is now getting the machinery and material on the ground for a lighting plant at its factory. The generator, which was built at the Fort Wayne Electric works and has a capacity of 1,000 lights, was taken to the organ factory this morning and is now being installed. A 125-

light arc dynamo was shipped to New Brighton, Pa., by the Electric company this morning.

PENNA OFFICIALS COMING.

Tomorrow the general officers of the Pennsylvania company, including General Manager G. L. Peck and General Superintendent A. M. Schoyer, will pass over the western division of the Pittsburg, Fort Wayne and Chicago road. They will travel by special train and will reach this city between 10 and 11 o'clock.

INDUSTRIAL NOTES.

Pittsburg Brakeman J. F. Engle is sick.

Nickel Plate Engineer Thomas Ogier is sick and off duty.

W. Klingman has taken a position in the Wabash boiler shop.

Pittsburg Fireman D. H. Monahan has taken a week's lay off to look after some private business.

The Grand Rapids pay car will arrive in the city next Monday.

George Koorsen, of the Pittsburg shops, is in Lima attending the funeral of a relative.

Foreman M. S. Willson, of the incandescent testing room at the Fort Wayne Electric works, is sick and off duty.

Round House Machinist William Thompson, of the Pittsburg, is off duty on account of the serious illness of his child.

Wreck Foreman George Ebner, of the Pennsylvania, and his wife will soon leave for Erie, Pa., on a visit with relatives.

After an illness of four days John Kessill resumed the duties of watchman at the Pittsburg planing mills this morning.

J. R. Medsker, of the Pittsburg planing mills, has returned home after spending ten days in Washington and New York.

Passenger Engineer E. M. Germain, of the Nickel Plate, who is taking a two weeks' vacation, is now in Erie, Pa., visiting relatives.

Charles Freeman will have charge of the new telegraph station at Wells, a place a few miles out from New Haven, on the Wabash road.

Switchman Ross Gardner, who was off duty two weeks on account of sickness and later to do some fishing, reported for work this morning.

Andy Koontz and Peter Mannock, painters at the Pittsburg shops, will leave tonight for James' lake, where they spend four days in fishing.

J. France and M. Sheeline, Pittsburg shopmen, are sick. A. Crone has gone to a funeral and Ed White is looking after private business.

Chris Malland, who was thrown from his bicycle and had his wrist broken three weeks ago, resumed work in the carpenter department of the Pittsburg shops this morning.

Boilermaker J. F. Sullivan expects to resume work at the Pittsburg shop tomorrow. He has been off duty on account of a most painful carbuncle on one of his wrists for over a week.

Conductor Frank Maxwell will succeed Conductor J. M. Wells on the Nickel Plate. As previously stated, Mr. Wells will reside in California on account of a change of that kind being necessary to restore Mrs. Wells to health.

Cashier William Taylor, of the Nickel Plate freight house, has gone east to meet Mrs. Taylor, who has been visiting friends in Allegheny and elsewhere, and accompany her home. Mr. Taylor is taking his annual vacation.

Engineer James Southern, of the Pennsylvania, and Mrs. Southern announce the coming marriage of their daughter, Miss Grace Cleveland Southern, to T. F. Hipskind, of Wabash. The marriage will be solemnized in St. Bernard's Catholic church October 22 and the couple will be "at home" at 23 Elm street, Wabash, Ind., after November 5.

Trainmaster W. E. Davis, of the Pennsylvania, is in receipt of a large photograph of Troop A, Eighth

SLAVERY.....

Means being bound to a man or a custom for a more or less definite period—subject to his or its beck and call, and without power to break the bonds. There are many men, for instance, who are slaves to their tailors—though their numbers are constantly growing less. Their bonds are being broken daily in this city by our high grade Suits and Overcoats. Even the people who want Full Dress and Tuxedo Suits have been forced to admit that we sell the best garments made at a saving of \$15 to \$25 to you. Fort Wayne is a progressive city. Our store is a progressive clothing store. We are bound to keep it as it is now, the **BEST CLOTHING STORE IN INDIANA.** We only ask you to look at our store before you buy.

ALBANIANS SUBDUED.

Constantinople, Oct. 17.—The military authorities at Mitrovitz, Albania, have secured complete control of the situation. They have captured Chief Issa Boljetinaz, who, with his followers, recently tore up the railroad between Mitrovitz and Vuchitein and announced his determination not to allow the newly appointed consul to take up his duties at the former place. The chief has been taken to Salonica under escort. The Albanians at Mitrovitz and in its neighborhood have been disarmed and the Russian consul will occupy his office shortly.

FIRMIN SEEKS REFUGE.

Port-au-Prince, Hayti, Oct. 17.—The report that M. Firmin, the revolutionary leader, had embarked on the United States cruiser Cincinnati is confirmed.

The troops of the provisional government surround Gonaives, the headquarters of the revolutionists. The Cincinnati, the French cruiser D'Assas and the German cruiser Falke are off Gonaives for the protection of foreign interests.

It is hoped that the revolutionists will surrender Gonaives and thus save the town from the damage and loss of life which must result if the government troops are compelled to attack the place.

BREAK ORE-LOADING RECORD.
Ashland, Wis., Oct. 17.—All ore-loading records on the great lakes were broken here yesterday, when 5,202 tons of iron ore were loaded at the Chicago and Northwestern docks in one hour and eight minutes (about eighty tons a minute), the ore being loaded into the steamer James H. Hoyt. Superintendent Sampson, of the Northwestern, personally supervised the loading and the cargo was let into the hold and the lines were cast off almost before the engineer had found time to get the water ballast out of the vessel.

REV. TOMLINSON LECTURES IN BOSTON.

Gives Minute Account of the Life of the Founder and Head of the Christian Scientists.

Boston, Mass., Oct. 17.—Last night Rev. Irving C. Tomlinson, of Concord, N. H., lectured on Christian Science and its founder at Symphony hall. The magnificent auditorium was crowded to overflowing. He said in part:

"The holy purpose of this religion is clearly stated in those words which the Master quoted from the Prophet Isaiah, as the announcement of His mission. 'The Spirit of the Lord God is upon me, because He hath anointed me to preach the gospel to the poor; He hath sent me to heal the broken-hearted, to preach deliverance to the captives and recovery of sight to the blind, and set at liberty them that are bruised.'"

"No doubt its unparalleled development has occasioned the oft-repeated question: 'What are the reasons for the marvelous growth of Christian Science?'"

"Those who are most conversant with this movement know that what is most conspicuous in the cause and its growth is the wisdom, foresight, untiring devotion and lofty Christian character of its leader. The opportunities afforded me for a full and adequate estimate of the leader of this great movement have been favorable. During the past four years my residence has been in Concord, N. H., the home of Mrs. Eddy, and for more than three months at one time I was a member of her household. The New Hampshire histories contain a review of Mrs. Eddy and her ancestors. From these accurate historical works one may glean much of interest concerning her and her family. She was born in Bow, near Concord, N. H.; she comes from sturdy Scotch and English ancestry, Captain John Lovewell, the famous Indian fighter, whose valor in the field destroyed the power of the savages and made it possible for the early settlers of northern New England to peacefully establish themselves, was her ancestor. Her great grandfather was Captain Joseph Baker, who settled in Penobscot about 1740. Captain Baker was one of the foremost men of his section. He received his commission from King George as captain of the Colonial Foot company. He was a member of the third provincial congress of New Hampshire and active in helping the province to take its stand for the new republic. His three sons, one of them Mrs. Eddy's grandfather, were all soldiers of the revolution. Intellectually her family has always stood high. Mrs. Eddy's brother, Albert Baker, was a graduate of Dartmouth college. He was an honored member of the New Hampshire bar, an eminent debater, and a brilliant orator. He was twice elected to the legislature of his native state and was rapidly attaining a foremost position in those legislative halls, when he died at the early age of 31. In the old church of Penobscot, three of her ancestors were its honored deacons. Her mother's father was Deacon Nathaniel Ambrose, and through his generosity and labors there was founded the North Congregational church, which was known as 'Deacon Ambrose's church.' The historian also tells us that so largely was the Baker family interested in founding the Methodist church of that town, that 'with propriety it might have been called the Baker meeting house.' Thus both parents of her family were founders of local churches. Mrs. Eddy's parents were devout members of the Congregational church, and her father was superintendent of the Sunday school. Her mother was a woman of rare Christian virtue, and the atmosphere of this home was devoutly religious.

"Mrs. Eddy is richly endowed by nature and by grace for her work. She possesses quick comprehension, a remarkably retentive memory, deep spiritual insight, an unquenchable love for man and a tireless energy. Her native gifts were supplemented by special tutors and by careful training in the schools and academies of New Hampshire. She was thoroughly taught by the well-known grammarian, Prof. Dyer H. Sanborn, and received careful attention from her distinguished brother Albert. She had a well-established reputation for literary ability before her discovery of Christian science. In childhood she thought in rhythm and versification flowed from her pen as readily as the torrents flow from the mountain brook. Her prose and poetic compositions were eagerly read and some of her writings, published in a book of poems ten years before her discovery of Christian science, are now found in our public libraries. Her writings were much of the kind of 'magical'...

PRESENCE OF MIND AVERTS A CATASTROPHE.

Pulls Throttle Wide Open When He Feels Bridge Collapsing Beneath Train.

Hammond, Ind., Oct. 17.—Nearly five hundred passengers who were aboard train No. 18 on the Wabash road narrowly escaped a wreck and death near Clark station Wednesday night. The train is known as the Buffalo limited, and reaches Chicago at 9:30 in the evening. Clark station is the crossing of the Wabash and the Fort Wayne railways, and is four miles east of this place.

A short distance out of Clark the Wabash crosses the Grand Calumet river over a huge trestlework bridge. Some repairs had been made on the structure only recently, and it was considered perfectly safe, track walkers having just patrolled the bridge before the Wabash limited left Clark station. As the train, having on board nearly five hundred souls, reached the middle of the structure that spanned the Calumet the engineer heard the creaking of timbers as the middle span of the bridge sank beneath his engine. He opened the throttle to the farthest limit, and the train fairly leaped from the swaying trestlework.

As the passengers felt the bridge collapsing, there was a wild commotion. The panic, however, was but temporary, so quickly did the limited cross the structure. The engineer's presence of mind in forcing his train through the danger was the only thing that saved many lives and prevented a great railroad wreck and horror.

The bridge was repaired yesterday, and trains are again passing over it.

FOOT BALL NOTES.

The Wolf foot ball team will play the Huntington city team at Huntington next Saturday afternoon and the contest promises to be a hot one, as the Line City team is determined to retrieve its defeat of last Saturday.

The high school team has been reorganized and will play the Huntington high school team tomorrow afternoon at Huntington. The high school boys have been putting in some hard practice for tomorrow's game and stand a good show of winning.

The following big games are scheduled for tomorrow: Michigan vs. Notre Dame, Northwestern vs. Chicago, Wisconsin vs. Beloit, Nebraska vs. Minnesota, Indiana vs. DePaul, Yale vs. Pennsylvania State, Princeton vs. Washington and Jefferson, Cornell vs. Carlisle Indians, Brown vs. Pennsylvania, Columbia vs. Hamilton, Annapolis vs. Lehigh, Dartmouth vs. Williams, West Point vs. Harvard, Purdue vs. Illinois.

CHOSEN BY INDIANA BAPTISTS.

Muncie, Ind., Oct. 17.—The Indiana State Association of Baptists yesterday afternoon elected the following officers for the ensuing year: President—Rev. T. J. Villers, Indianapolis, re-elected. First Vice President—Prof. M. E. Crowell, Franklin college. Second Vice President—Rev. F. B. Bachelor, Franklin. Third Vice President—Rev. J. W. Clevenger, Marion. Secretary—Rev. B. A. Neighbor, Indianapolis, re-elected. Treasurer—L. W. Billingsley, Indianapolis, re-elected.

The association resolved to lend its aid to the Anti-Saloon League of Indiana, which is endeavoring to drive saloons out of the state at the rate of 100 a month.

DOCTOR BECOMES A MANIAC.

Wabash, Ind., Oct. 17.—Dr. W. F. Stewart, a graduate of Hahnemann college and for a number of years a leading practitioner of this city, has become violently insane. His father, W. W. Stewart, former county commissioner, brought him home yesterday from Indianapolis, where he has been undergoing treatment at a sanitarium.

The doctor's malady is of acute type, and steps have been taken to have him committed to Long Cliff asylum at Logansport. It was necessary in bringing him to Wabash to put him in irons.

The unfortunate condition of the patient is ascribed to overwork. He was passionately fond of surgery and in his delirium talks constantly of difficult and dangerous operations.

NEXT MEETING AT BUTLER.

Fort Wayne ladies have returned from the twenty-fifth annual convention of the Woman's Foreign Missionary society of the M. E. church, held at Oasjan this week. Mrs. Carrie Schrader-Gesaman, the district president, was in charge, and Butler was selected the place...

NEWS OF THE POLICE.

Police headquarters this morning was remarkable only for the remarkable absence of anything that looked like a live item. There was no police court, Detective Coling having made arrangements with all the hoodlums that they should behave while he was away on his vacation. Stationmaster Terry is preparing to take advantage of the spell of good order to go away on a short fishing trip and will try to catch a few good stories, even if he can't get any fish. He will lay the ground plans for his fish tales about the lakes up near Waseppi, Mich.

Mrs. Zollars, of 920 Erie street, some days ago reported that she had lost a gold chain watch on the street and the police made a search for it. Mrs. Zollars, when she lost her watch, carried a closed umbrella, which she had no occasion to use until several days later. When she opened the umbrella the missing watch dropped out, but she neglected to inform the police of her find until yesterday.

Since the police department has signified its intention to wipe out and clean up the east end gang of hoodlums a number of east end residents have called at the station and given in the names of boys who need looking after and who are among the ringleaders of the crowd. When the list is complete there will be things doing out in that direction.

Miss Jenkinson, a teacher in the Nebraska school, reported that while going from her home at 817 West Washington street to the school building this morning she had lost a \$10 bill.

As yet there has been no claimant for the gold watch found on young Schmidt when he was arrested on Erie street on Wednesday night. The watch is small, evidently a lady's, but does not correspond to any description of any watch reported stolen or lost recently.

CAME TO FORT WAYNE.

The Lima (Ohio) News states that on Wednesday two men and women skipped out of that town leaving behind an unpaid board bill. It was learned that they had bought tickets for Van Wert and the marshal at that place had been notified to arrest them when they arrived. They did not get off at the Ohio village, however, but, according to information obtained from the conductor, came right through to Fort Wayne, arriving here on Wednesday night.

THE TOWNSHIP CAME.

(Churubusco Truth.) If we were to mention everyone from this vicinity who visited the Fort Wayne fair last week it would include nearly the whole township.

AGAINST SOUTHWESTERN.

(Huntington Democrat.) Judge Brannan today rendered judgment in the matter of Mott & Shutt vs. the Fort Wayne and Southwestern Traction company, in which a jury a few days ago answered interrogatories favorable to the plaintiffs. The finding was against the traction company in the sum of \$1,626, and \$300 attorney's fees. Finding was for Nelson and McKinley, the other defendants.

E. M. WILSON A DELEGATE.

Edward M. Wilson, of the Insurance firm of Schrader & Wilson, has been chosen as one of the delegates to represent the Indiana State Association of Local Fire Insurance Agents at the meeting of the National Insurance association at Louisville October 21.

NOMINATED FOR CLERK.

Edward J. Twomey, formerly of this city, has been nominated for clerk by the democrats of Cass county. Mr. Twomey was born and reared at Hadley, was deputy clerk under Dr. G. W. Long and removed to Logansport in 1890. He is at present a railway postal clerk.

RESOLUTIONS OF RESPECT.

The following resolutions were adopted by the Federation of Labor on the death of George R. Hench at its meeting Monday night: Whereas, The messenger of death has removed from our midst our beloved brother, George R. Hench; and, Whereas, In his death the Fort Wayne Federation of Labor has lost a worthy and deserving member, the community in which he resided a true and honorable man, and in his death we are again reminded that we, too, are all mortal and will soon be called upon to follow him to that land from whence no traveler returns; therefore, be it

Resolved, That the Fort Wayne Federation, by its entire membership, do most sincerely extend to the family and friends their heartfelt sympathy in this their hour of bereavement and sorrow; and be it further

Resolved, That our charter be draped in mourning for a period of thirty days; that a copy of these resolutions be spread upon the minutes of the Federation; that a copy be sent to the family of the deceased, and a copy be given to the newspaper for publication.

H. D. Keller, M. E. Scherer, M. C. Reilly, Local Committee.

INDIAN CLUB WOMEN MEET.

Greenacres, Ind., Oct. 17.—The Indiana Federation of Women's Clubs began its third annual meeting here yesterday and will continue through today. The delegates are mainly from the northern part of the state. The president is Mrs. Jane McKim, Smith, of South Bend; the first and second vice presidents are Mrs. N. S. Joslin and Miss Minetta Taylor, both of this city, and the third vice president is Mrs. Barnes, of Auburn.

The morning session was devoted to the greeting from city organizations and to the president's address. Mrs. Smith made a plea for the advancement of the artistic in everyday life, and wanted especially the co-operation of the club women in securing legislation looking to civil reform.

Mrs. Denison, of New York, president of the National Federation, addressed the convention in the afternoon and again last night delivered an address on the subject of "Women's Clubs as Social Factors." Amos W. Butler, secretary of the Indiana board of charities, lectured also last night on "Philanthropic Legislation."

HAS HOMICIDAL MANIA.

Muncie, Ind., Oct. 17.—Jacob Wynn was arrested today after a chase and placed in jail for safe keeping. He is insane over the death of his mother and has made several threats to kill neighbors. He has a family.

LOCAL LINES.

Bluffton News: Misses Lizzie and Mary Taylor, of Fort Wayne, were guests of Henry Hunsicker and wife yesterday.

Mrs. Rachel Eckert, of 121 West Williams street, has returned from a visit with her son, Jesse Eckert, of Grand Rapids, Mich.

Philip Danahy, living at the corner of Bass street and Hoagland avenue, was taken sick while eating dinner yesterday and was for some time in a serious condition.

Dr. C. E. Barnett yesterday read a paper at the meeting of the Mississippi Valley Medical association at Kansas City yesterday. He will return home tomorrow.

A number of Fort Wayne people are attending the dedication of the Methodist Protestant church at New Haven. The celebration began today and will continue over Sunday.

Plymouth Democrat: Frank Wilson, of Fort Wayne, and Anthony Homer, of Canton, Ohio, who have been visiting Mr. Homer's brother, Henry Homer, near Plymouth, went to Fort Wayne Tuesday.

Miss Grace Ferrin very pleasantly entertained a party of friends at her home, West Fourth street, Wednesday evening. Guessing contests were the features of the evening's entertainment. Miss Jessie House and Mr. Watson winning the prizes. A program of vocal and instrumental music was given.

Flushed With Victory!

The above headline is meant to convey the idea to you that we are more than pleased with the amount of business we have done since our opening in this city. In fact the business we have done has exceeded twice what we ever anticipated we would do. Now, we have not sold so many goods merely on account of being so good looking, or anything of that sort, but simply and solely because we do just exactly as we advertise to do, and do not advertise what we are not capable of doing.

We Are Ready

At any time and all times to show our elegant array of goods to any one who will favor us with a call, assuring you that we will, at all times, extend to you the same courteous treatment whether you come to purchase or merely on a tour of inspection, and now, after having been so successful in the past, we are ready

For Another Siege

And it is only putting it mildly when we say that never in the mercantile history of this city has it ever been your good fortune to have such an elegant assortment of STRICTLY FINE MERCHANT TAILOR-MADE CLOTHING to select from. And coming, as they do, from the finest merchant tailors in the land, they could hardly be anything else but the very finest. The make, trimmings and material are the very best, and so when we tell you that we will sell them to you at considerable LESS THAN ONE-HALF THE ORIGINAL MEASURED PRICE, you will be able to realize what the real definition of the word "BARGAIN" means.

and at Kendallville Wednesday night.
The old grain warehouse at Hun-
tington, built in the early days of
canal navigation, was sold this week
for \$240.50. It stood on the bank of
the big "ditch," and grain was
emptied from the great bins directly
into the canal boats.
Several boys at Geneva thought it
would be fun to fasten a door lead-
ing to the telephone exchange and
make prisoners of the four girls who
operate the exchange. The girls
failed to see the joke and have filed
affidavits against the lads.
John H. Bowes, 78 years old and
once a wealthy resident of Michigan
City, was found dead in a cheap ten-
ement house there. Neither fuel nor
food was to be found, and the belief is
that Bowes died from hunger. Busi-
ness reverses left him in poverty.
Arthur Dubbs, a young man in
Jackson township, Huntington coun-
ty, was fooling with a revolver. The
bullet, which is imbedded deeply in
his thigh, will be allowed to remain
unless later developments should
necessitate its removal.
The five-year-old daughter of Mr.

choking to death when a piece of
tomato lodged in her windpipe. She
had lapsed into unconsciousness be-
fore the offending substance could
be removed.
James McNabb, one of the men who
assaulted Silas Matthews, near An-
gola, Monday evening, and was
slashed with a hunting knife, is
dead from his injuries. Matthews
was arrested on complaint of Mrs.
Shumway, wife of his other assail-
ant, but he promptly furnished bail
in the sum of \$1,000 and was re-
leased.
Fourteen years ago Mrs. Nettie

cently she has been converted at a
religious meeting and now cards the
newspapers to say to those who
bought the albums that inasmuch as
the coverings did not wear well she
wants to make restitution. Pur-
chasers are asked to send her their
names and addresses and she prom-
ises to send each a sum of money to
make the old deal right.

ASSESSOR WANTS TO KNOW.

Goshen, Ind., Oct. 17.—County
Assessor D. M. Puterbaugh is after
Delos N. Weaver, a county council-
man and former county treasurer,
seeking to learn why Weaver has
not, since 1896, reported for taxation
between \$30,000 and \$50,000, said
to be on deposit in a South Bend
bank. Prosecutor W. B. Hile has
filed a precept asking that the as-
sessor be permitted to examine the
bank books or records of deposit
made by Weaver to learn the exact
amount. The court has granted the
request. Both the assessor and
Weaver are republicans. Since he
took office, two years ago, Puter-
baugh has uncovered \$125,000 in se-
questered property.

TURNERS GIVE DONATION.

The Fort Wayne Turnverein is the
first society in the city to make a do-
nation of funds for the striking
anthracite miners and has sent \$15
through Mayor Berghoff to be used
for the relief of the men. Last even-
ing a collection was taken up among
the members and \$10 were raised,
which was added to the city's fund
to aid the strikers.

FARMER WAS TOO SHARP.

Richmond, Ind., Oct. 17.—The au-
thorities are investigating the at-
tempt of sharpers to swindle Jerry
Jordon, a farmer, near Pleasant Hill,
and the affair may be taken up by
the postal authorities.

Two strangers called on Jordon,
who said they were agents for an
electric lighting machine, designed
for farm homes. The price, they
said, was \$60, but to advertise the
machine, they would sell Jordon one
for \$4. Jordon signed a contract,
which he was to keep until the ma-
chine arrived.

One of the strangers placed the
contract in an envelope and sealed
it, giving the envelope to Jordon.
After the men left, Jordon became
suspicious and opened the envelope,
when he saw he had signed a con-
tract for twelve lights at \$64 each.
A third stranger appeared next
day and said he was ready to deliver
the machine. Jordon said he had
opened the envelope and found the
fraudulent contract, when the
stranger said Jordon had violated
the law by opening the envelope,
which had been addressed to Rich-
mond.
The stranger offered to keep quiet
about it for \$800, but Jordon de-
clined, and the stranger offered to
compromise for \$250. The stranger
left, threatening to prosecute Jordon
for violation of the postal laws.

YOUNG MEN ORGANIZE.

A meeting of the young men of
Wayne street M. E. church was held
last evening, at which an Oxford
Brotherhood was formed, the charter
members numbering about thirty.
The following officers were elected:
President, Rev. A. S. Preston; vice
president, Lurton Halderman; sec-
retary, Tom Coppock; treasurer, Her-
bert Erickson.

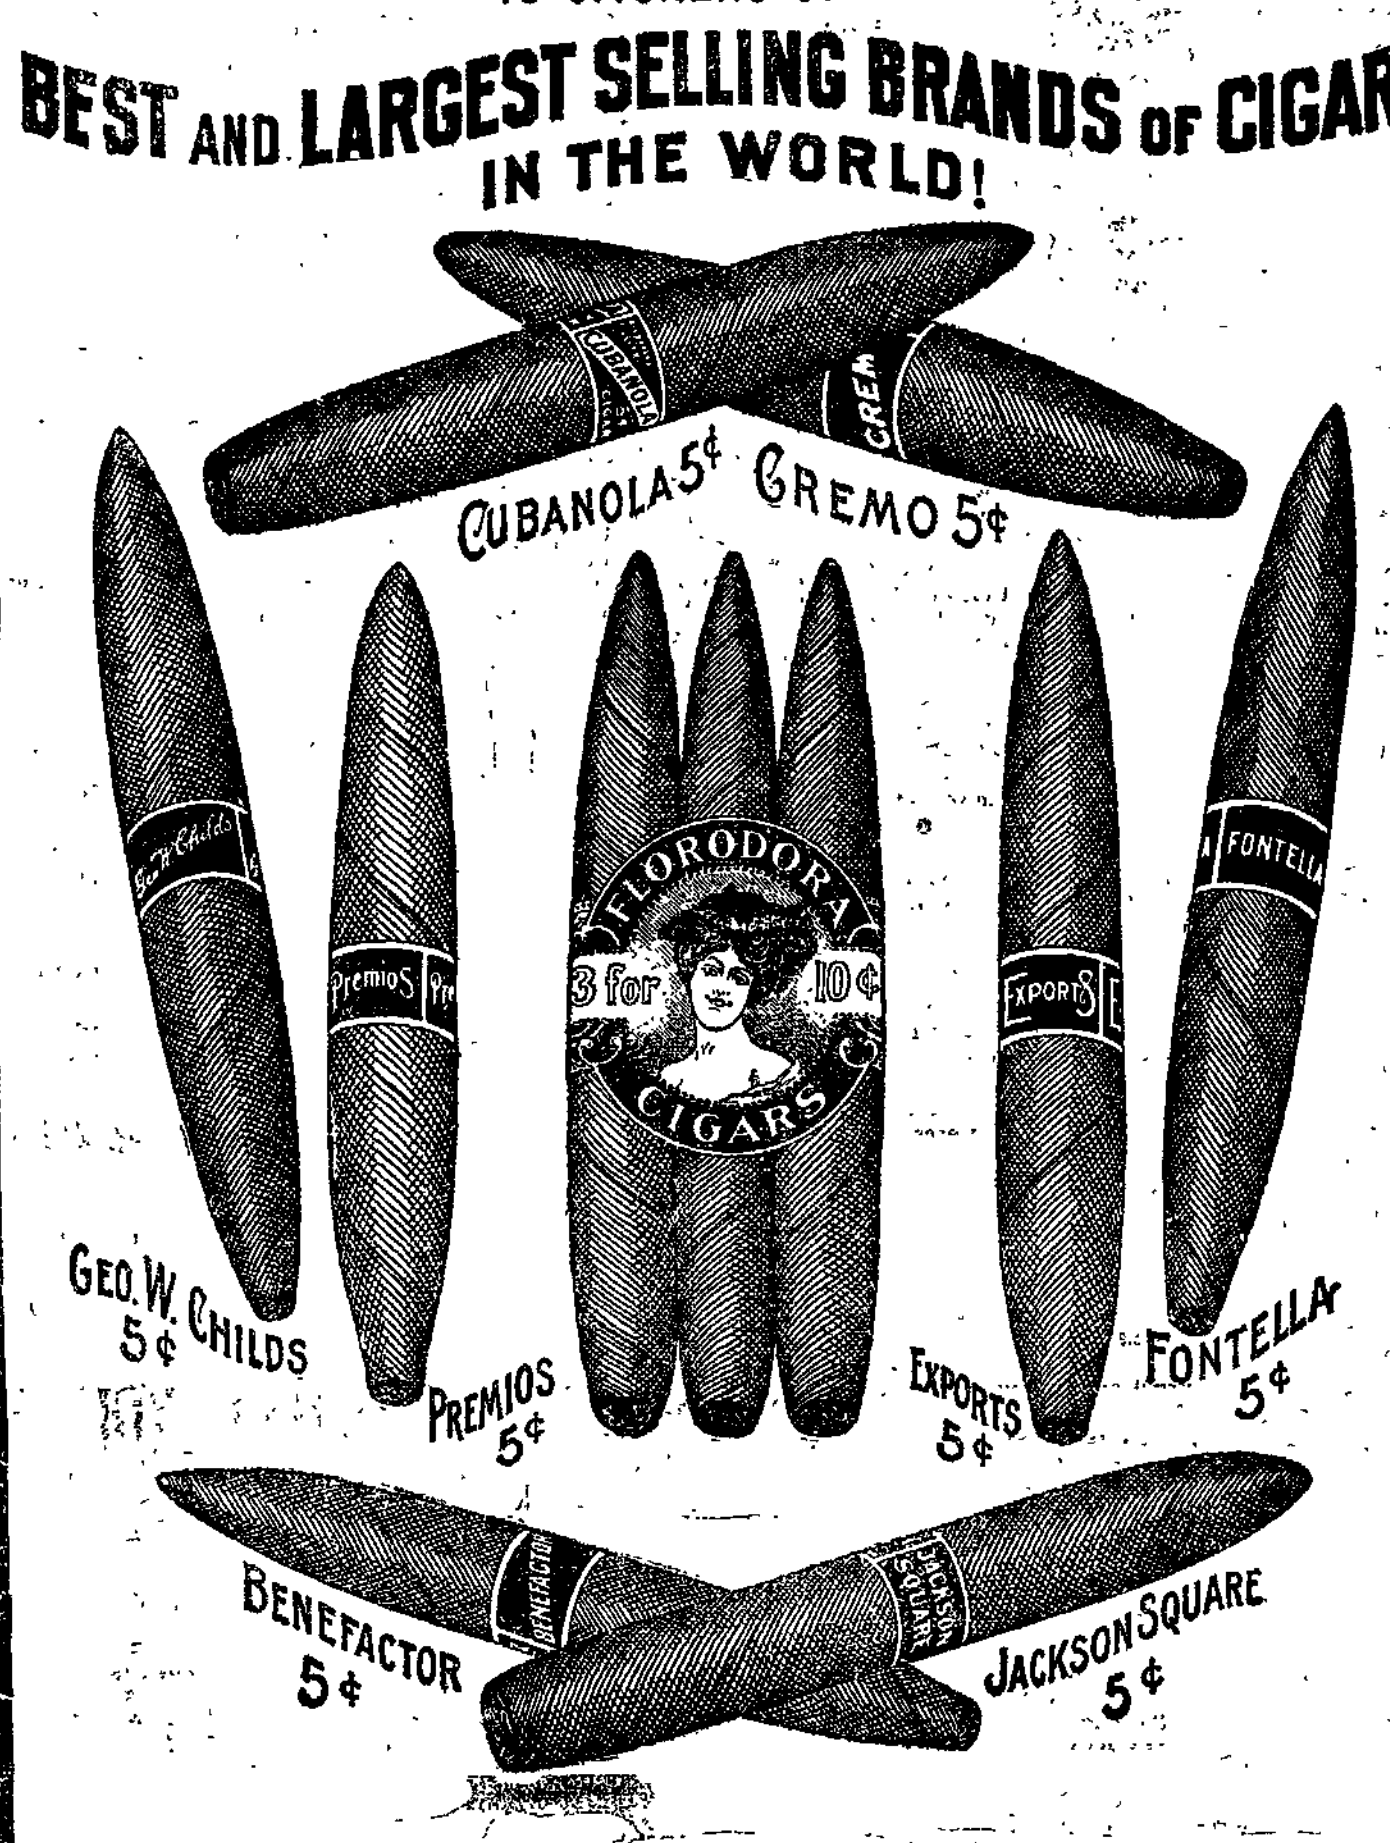

LOCAL LINES.

Mr. and Mrs. F. C. Farham have
returned from a visit in Yale, Ohio.
The Misses Daisy and Emma Rupp
have returned from a visit with rela-
tives in Chicago.
Editor H. K. Bartholomew, of the
Warsaw Union, was a business vis-
itor in the city yesterday.
George Gaffney and H. Young, of
Sturgis, Mich., are guests of Mr. and
Mrs. A. Foster, of 128 Richardson

MEETING OF BOARD OF WORKS

WIDENING OF TAYLOR STREET IS APPROVED.

Main Street Assessment Rolls Are Approved—General News of the City Hall.

The board of works met in regular session last night and transacted some routine business, but took on nothing new. The proposition to widen Taylor street by taking off a portion of the north end of the lots on the south side of the street, between Broadway and the Wash tracks, has probably died a natural death. It was thought that the widening of the street there would be necessary on account of the close proximity of the Southwestern tracks to the south sidewalk, and a petition for such an increased width was filed. A number of residents expressed a willingness to donate the necessary ground, but there were some objectors. It was ultimately agreed all around to withdraw the petition, and upon the satisfactory presentation of that decision the board last night rescinded all former action on the question.

CONFIRM ASSESSMENT ROLL.

The assessment roll of the West Main street payment was confirmed, the only opposition being presented by E. A. Hoffman, representing Hoffman Bros., who are assessed benefits for a frontage of 212 1/2 feet, just east of the Lake Erie tracks and on the north side of Main street. The frontage is all right, but as the railroad tracks run diagonally at that point the rear width of the lot is only a few feet—in fact, runs practically to a point. Mr. Hoffman argued that his company should have a rebate, but the board did not concede, and Mr. Hoffman said he would test the assessment in the courts. Other assessment rolls for alley pavements and sidewalks were confirmed without objection as advertised.

OTHER MATTERS.

Regarding the proposition of the Pennsylvania company to build tracks for shipping purposes west of Gay street and south of the Wash tracks, as referred to in yesterday's Sentinel, the board instructed the clerk to notify Superintendent McKim that they would be pleased to take the matter up with the representatives of the company next Tuesday evening. C. E. Moellering, representing some property holders who would be affected by the improvement, said that he had no objection to offer, but would like to be heard before the matter was finally passed upon. He was assured that everybody interested would be given an opportunity to present his views. The Nelson street paving matter was postponed until next May, and after the disposition of other minor business the board adjourned.

CITY HALL NOTES.

Concreting on Maumee avenue has been abandoned until after the grading on the block between Lillie street and Walton avenue has been completed. On account of the building of a small sewer at the Walton avenue intersection of Maumee avenue that particular corner, a most important one, is almost impassable. The heavy rains prevalent for a month have caused the high bank on the south side of Maumee avenue to cave in and the curb grades have been almost obliterated. The board of works would like to have that end of the job cleared up as well as possible before any other work is done, because it is necessary for the convenience of the public. Meantime the contractor is still looking for more laborers to enable him to push the other part of the contract with more dispatch.

Mrs. Christina Schoppman has been granted a permit to erect a dwelling on Winter street, at a cost of \$1,000. A new case of diphtheria has been reported at 2218 Holton avenue.

LOCAL LINES.

Rev. George Borneman, who has been the guest of Dr. E. A. Crull for several weeks, left today for his home in Port Huron, Mich.

R. J. Evans, formerly a shoe salesman for the Carman company of this city, is in town visiting old friends. He now represents a Cincinnati house.

Mr. and Mrs. William Fielder, of Port Tampa City, Fla., are in the city for an extended visit with Mrs. Fielder's parents, Mr. and Mrs. J. H. Bilderback.

The Young Men's Sodality of St. Mary's Catholic church entertained at progressive poker at its hall last evening, a large number of guests enjoying the event. First prizes were won by Mr. Bank and Miss Bueter, and light refreshments were served at the close of the playing. Music for the evening was furnished by Messrs. John Binehart, Joseph Nussbaum, A. J. Zager and Joseph Hartman.

CHAPTER VII.

THE PROSECUTION IS HEARD.

BRENDA returned to Elsie's room after arranging with Kendall to be notified at once if her father should secure Alden's release and he should come to the hospital. As she passed out of the reception room she encountered Dr. Johnson, who was in the act of entering. He took a seat upon a corner of the table and met with some evidences of embarrassment the look which Kendall turned upon him.

"Were you listening there?" demanded Kendall after half a minute's silence.

"Well, I couldn't help hearing a word or two," the other admitted. "You see, I was looking for you, and I didn't want to interrupt the conversation."

"This thing must stop, Mr. Elmdorf," said Kendall. "I've been dragged into it by the heels. I gave you my word in the dark before I knew what you were going to do."

"I didn't know myself what I was going to do," replied the detective. "I came up here with orders to be present when Miss MacLane went into Miss Miller's room."

"I did not suppose that this deception would extend to Miss MacLane when I made my promise," said Kendall. "I understood that she had seen you; that she knew who you were. And you are not disguised."

"I have shaved off my mustache," said the detective, "and I look like the devil without it. But this whole matter of disguise is merely knowing what somebody else will notice. When you're going to be recognized, send another man. Miss MacLane had too much on her mind at the thirty-eighth street house. She couldn't have told afterward whether I was white or black. And so, with the mustache gone and these goggles for my eyes, it was a sure thing."

"Why was it necessary?" "I reported to headquarters that Miss MacLane was coming down here," replied Elmdorf, "and the old man wanted to get a line on it."

"On what?"

"Whether they'd seen each other before. The result was a little peculiar, as you'll admit. Your patient recognized Miss MacLane at a glance, but Miss MacLane says she never saw Miss Miller before. What do you make of it? Of course Miss MacLane has told so many different stories."

"It is perfectly natural," said Kendall, checking Elmdorf by word and gesture. "Miss MacLane is prominent in society. Her picture has been printed in the newspapers a hundred times. With a natural motive for interest in her, Miss Miller has undoubtedly familiarized herself with Miss MacLane's appearance. She may even have seen her entering a church on the occasion of a society wedding—or in some similar way."

"That's the easy answer," replied Elmdorf, "and I guess it's right. One thing is certain—if Miss MacLane struck that blow, Miss Miller didn't see her, and the poor girl's story is true."

"If Miss MacLane struck the blow?" repeated Kendall, dazed. "What earthly reason have you?"

"Now, see here," said Elmdorf, "let's view this matter calmly. Nobody can be hurt by a straight, honest view of the facts, except the one that ought to be hurt, the cowardly, black hearted murderer who did this thing. Talk about calmness! Wait a minute!"

He walked back and forth two or three times between the table and the corner of the room, finally facing Kendall squarely and continuing:

"I don't usually care a— Excuse me, I don't usually swear, either, and I won't do it now. I was going to say that these things don't affect me, as a rule; they're all in the way of business. But somehow this takes hold of me. How could anybody harm that little girl?"

And he took another turn across the room.

"Miss Miller exerts a strange influence," said Kendall. "I suppose we're at least as hard hearted as the police, but I caught Dr. Carrington, the ambulance surgeon who went out on this case, walking up and down in his room and telling another of our young doctors what he would like to do to the man who was responsible for this. The room smelled of brimstone from the language that he used. And between ourselves, Mr. Elmdorf, the thing filled me with horror such as I haven't felt in a good many years. It is the personality of the girl undoubtedly. There's nothing unusual about the case."

"Well, I would hardly say that," returned Elmdorf. "There are a few things that I wouldn't call exactly ordinary—Miss MacLane's conduct, for instance."

"She explained that perfectly to me," replied Kendall.

"Yes," said Elmdorf. "I happened to hear the explanation. And now let me tell you something. It is a moral certainty that Miss MacLane went to that house before she says she did; that she was there very close to the moment of the crime, not to put it any stronger."

"What do you mean?" demanded Kendall.

"You have heard—the mysterious woman."

"I wish Miss MacLane would explain it," said Elmdorf, "for she was the woman. Dr. Blair knows it beyond a shadow of doubt."

"If he knows it," returned Kendall, "why hasn't he said so?"

"Would you? Put yourself in his place. Would you throw that rope around a woman's neck before getting a little more light on the matter? As a man of the world and a doctor who's learned in his business the value of keeping his mouth shut, would you do it? No. And Dr. Blair feels just the same way. He wasn't born yesterday. When the time comes, he can give his evidence."

Kendall laid his hand upon his hair, perhaps to satisfy himself that it was not beginning to stand on end.

"Do you believe that he will testify against her?" he demanded. "Elmdorf, this is deadly serious."

"Well, I should think it was," said the detective, "and the longer she keeps quiet about it the more serious it gets."

It was Kendall's turn to walk the floor, and he did it.

"There are a thousand chances to one," continued Elmdorf, "that if the story she tells you is true she can't prove it. Suppose she was in a store. Who's going to remember her or the time of day? Take her motive, take her admissions to you if they were made in court, combine them with Blair's evidence, and what do you suppose the result would be?"

"You cannot have seen her with Miss Miller," said Kendall, "and still suspect her of this crime."

Elmdorf hesitated, as if he could hardly bring himself to destroy the last refuge.

"There's one way to look at that," he said at last. "Miss MacLane goes to that house wild with rage after her scene with Alden. She has the 'fixed idea' that's more in crime than even you doctors think it is. She gets in without seeing anybody because of the defective catch of the lock. She walks into that room. Miss Miller is on the balcony. Right on the table, where the devil must have put it, is that knife, open perhaps, for the envelope that held that note was cut. Miss MacLane takes that knife, and on the instant Miss Miller comes in through the window, the other girl shrinking back toward the closet. She is behind Miss Miller. She doesn't see her. You know how it would be with the girl entering from the balcony, the bright light behind her. My friend, it's all over in a second, and Brenda MacLane doesn't know what she's done until she comes to this hospital and sees in that bed a creature as different from the woman she supposed she had struck down as God could make."

Kendall's forehead was dripping wet. "But the money?" he gasped.

"Who knows anything about the money?" demanded Elmdorf. "It may have lain out of sight until Neale and his men got there, and one of them may have lifted it. This is not for publication, Dr. Kendall. It's between ourselves."

"It's a nightmare," said Kendall. "I don't believe a word of it."

"If you don't like the way I've put it, let me give you another view," replied the detective. "Miss MacLane goes to the house—heaven knows why, perhaps from curiosity. She goes up the steps and sees through the glass panel of the outer door Alden in the hall. With the door of Miss Miller's room open this would be possible. I've tried it. Seeing Alden, Miss MacLane hurries away. She doesn't know what Alden has just done, but she doesn't want to meet him. Dr. Blair sees her, but does not see Alden, who comes out afterward. This would be natural, for of course Blair's back was turned after

The doors below were suddenly flung open, and a man appeared.

he passed the house. Let me tell you that Miss MacLane, when she was questioned, spoke of the chance that the mysterious woman had merely gone up the steps and then come right down again."

"I'd rather take that view of it," said Kendall. "But, even so, you must have a motive."

"Motive!" echoed Elmdorf. "What did Miss MacLane tell you? Didn't she say that Alden told her that Miss Miller gave him no encouragement? Suppose he went up there after writing his letter, which cheerfully assumed that everything was all right, and suppose she told him, once and for all, that she wouldn't have anything to do with him. For her sake he had tempted financial ruin by breaking it off with Brenda MacLane, and now he finds that he's got nothing to pay for it. I'll tell you Alden isn't the man to take that calmly."

"If that's the fact of the case," said Kendall, "how do you explain her silence?"

"My dear sir," replied Elmdorf, "you've got me. I can't. But who can explain a woman anyhow? You believe that Miss Miller is telling the truth, don't you?"

"Did you hear me say so?"

"To Miss MacLane? No. The first thing I heard you say to her was that

CRUTCH-BOUND

The crutch is a poor substitute for legs, and affords a very inconvenient and tiresome mode of locomotion—there is no more pathetic sight than a person slowly and painfully moving along the street supported by these artificial limbs.

When Rheumatism settles in the bones and muscles of the legs, it is safe to predict that the victim will eventually become helpless and crutch-bound. The corrosive, irritating matter that is deposited in the joints and muscles causes the most intense pain, the knees and ankles swell, and when the natural oils and fluids that lubricate these parts are completely destroyed the joints become locked and the muscles drawn and stiff, and crutches a necessity.

The acid poisons that produce rheumatic pains form in the blood, and are distributed through the system, and lodged in the arms, shoulders, hands, back and feet, or other parts of the body—resulting often in total disability. A permanent cure of Rheumatism can be effected only by a complete cleansing of the blood, and no other remedy so surely accomplishes this as S. S. S. It neutralizes the acid effects, purifies and invigorates the stagnant blood, and the gritty particles are washed out or dislodged by the new rich blood, and relief comes to the pain-racked sufferer. S. S. S. leaves no morbid, irritating matter in the blood to reunite and produce another attack, but expels every atom of it from the system. S. S. S. is a purely vegetable remedy, and does not impair the digestion or general health like alkali or potash remedies.

Write for our special free book on Rheumatism, and if any medical advice or other information is wanted, our physicians will gladly furnish it without charge.

JOHN MITCHELL SPEAKS HIS MIND ON COAL STRIKE.

A MESSAGE TO ROOSEVELT

LAYS BLAME FOR STRIKE ON THE OPERATORS.

HOPES FOR LASTING PEACE

A FORCEFUL AND DIGNIFIED EXPRESSION.

Washington, Oct. 17.—The response of John Mitchell, president of the United Mine Workers, to President Roosevelt's notification that he had appointed a commission was made public today. It informs him of the action of the executive boards of districts 1, 7 and 9 in calling a convention and agreeing to recommend unanimously the resumption of work and the submission of the differences between the operators and the mine workers of the anthracite coal fields to the commission. The reply expresses confidence that the convention will agree to the arbitration of the "eminent and impartial men" chosen by the president and expresses gratitude to the president for his patriotic efforts to bring about an honorable settlement of the strike. The reply goes at length into the grievances of the miners and concludes with the expression of the hope and belief that from this arbitration will come "a complete, satisfactory and permanent solution of the troubles which have vexed the anthracite field from time immemorial."

Following is the telegraphic correspondence, consisting of the letter of President Roosevelt to John Mitchell and the latter's reply:

THE PRESIDENT'S LETTER.

This is the letter sent by President Roosevelt to the president of the mine workers:

White House, Washington, Oct. 16, 1902.—Mr. John Mitchell, President United Mine Workers of America, Wilkesbarre, Pa.: I have appointed as commissioners Brig. Gen. John M. Wilson, Mr. E. W. Parker, Judge George Gray, Mr. E. E. Clark, Mr. Thomas H. Watkins and Bishop John L. Spalding, with Hon. Carroll D. Wright as recorder. These names are accepted by the operators and I now most earnestly ask and urge that the miners likewise accept this commission. It is a matter of vital concern to all our people, and especially to those in our great cities who are least well off, that the mining of coal should be resumed without a day's unnecessary delay.

MITCHELL'S REPLY.

Following is President Mitchell's reply to President Roosevelt's letter announcing appointment of a commission:

Wilkesbarre, Pa., Oct. 16, 1902.—Hon. Theodore Roosevelt, President of the United States, Washington, D. C.: Dear Sir—I am in receipt of your telegram of October 15th, which reads as follows: "I have appointed as commissioners Brig. Gen. John M. Wilson, Mr. E. W. Parker, Judge George Gray, Mr. E. E. Clark, Mr. Thomas H. Watkins and Bishop John L. Spalding, with Hon. Carroll D. Wright as recorder. These names are accepted by the operators and I now most earnestly ask and urge that the miners likewise accept this commission. It is a matter of vital concern to all our people, and especially to those in our great cities who are least well off, that the mining of coal should be resumed without a day's unnecessary delay."

Replying thereto, I beg to inform you that your recommendations were submitted to the members of the executive boards of districts 1, 7 and 9, United Mine Workers of America, and they have unanimously agreed to call a delegate convention to be held next Monday, and will recommend to the convention that all men now on strike return to the positions and working places formerly occupied by them and submit to the commission appointed by you all questions at issue between the operators and mine workers of the anthracite coal fields. In connection with this subject we are glad to know that the managers of the coal companies have decided to recede from the untenable position which they so long occupied and to accept a modified proposition for the arbitration of the coal strike and to give you full latitude in the selection of a commission. It will be remembered that we proposed, on October 3d, to place the whole matter in your hands and to accept the verdict of a tribunal of your own selection. It will also be remem-

bered that the company managers at that time refused to accept the arbitration of the president of the United States and preferred that of the local common pleas judges. We proposed to leave everything to you without condition or reservation, having the utmost faith in your impartiality and good judgment.

In their refusal to accept your arbitration the operators sought to hold you in part responsible for the very conditions which you were trying to remedy and to instruct you as to your duties concerning them. Eight days later they again appeared before you, dropping the common pleas judges and proposing to abide by the verdict of a tribunal appointed by you, but attempting to prescribe within fixed and narrow limits the character and vocation of the men you were to name. To this proposition, as the operators made it, we were unalterably opposed; first, because our respect for you as a man and our ideas as to what is due to the dignity of your office demanded that we should not be a party to a request of you to accept this great responsibility accompanied by detailed and impudent restrictions as to the manner in which you should meet it; second, because careful analysis of their proposition disclosed to us, as it did to you and the public, that the restrictions were too narrow to enable you to secure under them a well-balanced and thoroughly impartial tribunal.

But now that you have yourself removed these objections by broadening and strengthening the commission we feel confident that our convention will declare its willingness to have all questions between the employing companies and the 95 per cent of their employees who are members of our organization determined by the board of eminent and impartial men chosen by you. We feel grateful to you, Mr. President, for the patriotic efforts which you have made to bring about an honorable settlement of the strike; efforts which you continued despite the remarkable spirit and conduct which you at first found in the company managers. We were in a position to sympathize with you inasmuch as we had long been forced to endure arrogance, insult and false witness from the same source. Our gratitude is due to you and to the American people and the press who have supported you and us in the long struggle which we hope is now about to close. During all these long months in which our motives have been impugned and our characters maliciously assailed we have refrained from saying any word or taking any action which would tend to render reconciliation more difficult, but now it becomes a duty to defend ourselves against the slanders which have been heaped upon us and to proclaim that we have from the first favored practically the method which is now employed to break the deadlock.

If our proffer of arbitration or impartial investigation had been accepted six months ago instead of now there need have been no strike. We have been as eager, Mr. President, to respond to the people's demand for coal that during the progress of the strike we have more than once offered arbitration, but we have invariably met with the reply, "We will not permit outsiders to dictate to us in the management of our affairs. We have nothing to arbitrate."

Now that the managers of the companies have been compelled by you and a thoroughly aroused public conscience to recede from this position we are proud that the firmness and the heroic endurance of our men and women in support of their rights and of a vital American principle have won the victory.

The poor, under-paid mine workers of these coal regions, who toil hard from early morning until late at night for a livelihood, nobly supported by organized labor in this and other lands, have taught these corporation managers a useful lesson in civic and social duty.

We exult over this tribute to the dignity of labor because it is the triumph of right and of good public policy.

We do not, however, exult over our opponents; we appeal to them now, as we have from the first, to turn their eyes to the future and to co-operate with us in an effort to establish better relations between employer and employee for the advantage of both.

We forgive them for their arrogant refusal to deal with us, and in this hour when they are forced to acknowledge their inability to operate their mines without our consent and co-operation we hold out the right hand of friendship and ask them to join with us in the selection of a tribunal of your own selection. It will also be remem-

THE MINERS VOTE

CHOOSING DELEGATES TO THE PEACE CONVENTION.

A SETTLEMENT IS FAVORED

DELEGATES INSTRUCTED TO BE GUIDED BY LEADERS.

END OF STRIKE IS ASSURED

CALL FOR THE CONVENTION IS ISSUED.

Wilkesbarre, Pa., Oct. 17.—Meetings are being held throughout the three anthracite districts today by the locals of the United Mine Workers. Delegates are being elected to the Wilkesbarre convention Monday, at which time it is expected the convention will declare the strike at an end and authorize the miners to return to work.

ALL ARE VOTING.

Wilkesbarre, Pa., Oct. 17.—All the locals throughout the anthracite coal fields are engaged today in electing delegates to the mine workers' convention to be held in the Nesbitt theater here next Monday for the purpose of considering the acceptance of the plan of arbitration submitted by President Roosevelt.

These meetings are being held in accordance with the call sent out yesterday by three executive boards. There is nothing on the surface at this time to indicate that the arbitration scheme will not be accepted. President Mitchell knows the sentiment of the men and would not have agreed to the proposition had he any doubt that a delegate convention would not ratify his action.

OBJECTIONS EXPECTED.

There will be objections raised on the floor of the convention to certain features of the plan, but they will not be of a serious nature. "It would be a remarkable body," said one union official, "if eight hundred men in convention were of one mind on all features of this labor struggle."

One of the many obstacles to be surmounted by the union is that of finding work immediately for all the strikers. Every man wants his old place back, but as the companies have decided to take care of all men who have stood by them during the strike, there will be some disappointments. This matter will be fought out on the floor of the convention. Officers of the union confidently believe that it will be amicably adjusted. It is probable the delegates will decide to care for all men who are not given work at once.

President Mitchell and the executive boards of the three anthracite districts, composed of the men who ordered the coal strike last May, have called a delegate convention of striking miners which will fix the exact date of resumption.

The thirty-seven members of the executive boards unanimously agreed with Mitchell to recommend acceptance of President Roosevelt's commission of arbitration and a return to work immediately.

The convention will be held in this city Monday. Probably mining will begin Wednesday or Thursday.

GIVES CALL FOR CONVENTION.

President Mitchell had summoned the executive boards to meet here yesterday morning. Every one of the thirty-seven members responded. After a two-hour joint conference of the boards Secretary-Treasurer Wilson gave out the following official call for the convention of miners:

Wilkesbarre, Pa., Oct. 16, 1902.—To the Officers and Members of All Unions in Districts 1, 7 and 9.

Gentlemen: At a meeting of the executive boards of districts 1, 7 and 9 it was unanimously agreed to issue a call for a delegate convention and recommend to that convention that all mine-workers now on strike return to their former positions and working places and submit to the commission appointed by the president of the United States all questions at issue between the operators and mine-workers of the anthracite coal fields.

In pursuance whereof you are hereby notified that a convention will be held in the city of Wilkesbarre, Pa., beginning at 10 a. m. Monday, Oct. 20.

The purpose of the convention will be to act on the proposition submitted by the president of the United States.

Local unions will hold meetings

ACCEPT LIPTON'S CHALLENGE

NEW YORK YACHT CLUB READY FOR CUP RACE.

Bristol, R. I., Oct. 17.—The order for the new cup defender in the races with Sir Thomas Lipton's Shamrock III. has been placed with the Herreshoffs here, according to a report from an authoritative source. Plans for the new craft were drawn up many weeks ago in anticipation of the challenge and orders were placed for constructional metal and other requisites, so that the builders are now practically ready to begin work as soon as the material has been assembled.

John Mitchell, President U. M. W. of A. W. B. Wilson, Secretary.

OBJECTIONS RAISED AT FIRST.

It was at the first meeting of the three district boards were called into session. There was some opposition manifested in the meeting against certain features of the arbitration plan, but after a full discussion of the objectionable parts a unanimous vote was taken to recommend to the convention the acceptance of the proposition.

President Nichols, of the First and largest district in the anthracite region, came prepared to resist the acceptance of the terms proposed by the operators. Mitchell told him and others without reserve every detail of the conference he had with President Roosevelt and acquainted them with the advantages to be gained by the miners accepting the terms proposed by the president. He declared that he was absolutely convinced that the president would see that they secured fair play and he predicted that as a result of the concessions granted by the operators the conditions of the anthracite coal mine workers would be improved many degrees.

Nichols and some of his followers presented objections to the plan on the ground that the main purpose of the strike was to secure recognition of the union.

"If our union is not recognized now," Nichols is understood to have said, "it will not be recognized in the future. Every working man in this country has supported our fight upon the theory that we were defending and fighting for the vital principle of unionism. We should make every effort to gain that point above everything. It is the most important."

ANSWERS ALL OBJECTIONS.

Mitchell's reply in effect was that he recommended the calling of a convention of miners to consider the proposition as speedily as possible on these grounds:

1. That the consent of the operators to arbitrate was a victory.
2. That the union would, and, as a matter of fact, had already been recognized by the president of the United States in sending for its officials and submitting to them the plan of the operators.
3. That the operators owed it to humanity to make some concessions toward settling the strike as soon as possible.
4. That the rights of the mine workers' union and non-union men alike would be respected in accordance with the wishes of President Roosevelt.

Mitchell said that he had done everything in his power to gain all the concessions demanded by the mine workers. He asked if there was any dissatisfaction, intimating, if there was, his willingness to step aside and permit any other man to take up the work. This declaration, diplomatically veiled, was rejected at once, and, although there was considerable discussion over various points in the arbitration scheme, when the project of calling the convention was put to a vote it was carried unanimously.

It is expected that some objections will be raised on the floor of the convention, but the officers are confident that the opposition will disappear when President Mitchell explains all the features of the modified proposition to the delegates.

A NEW DEFENDER

ORDER ALREADY PLACED WITH THE HERRESHOFFS.

WORK TO BEGIN AT ONCE

PLANS FOR NEW CRAFT DRAWN MANY WEEKS AGO.

ACCEPT LIPTON'S CHALLENGE

NEW YORK YACHT CLUB READY FOR CUP RACE.

Bristol, R. I., Oct. 17.—The order for the new cup defender in the races with Sir Thomas Lipton's Shamrock III. has been placed with the Herreshoffs here, according to a report from an authoritative source. Plans for the new craft were drawn up many weeks ago in anticipation of the challenge and orders were placed for constructional metal and other requisites, so that the builders are now practically ready to begin work as soon as the material has been assembled.

ACCEPT LIPTON'S CHALLENGE.

New York, Oct. 17.—Sir Thomas Lipton's third challenge for the America's cup, sent by the Royal Ulster Yacht club, was made public at the New York Yacht club last night, after being read and accepted by a committee appointed for that purpose. The challenge is almost identical with that sent by Sir Thomas in 1900. There was not a particle of doubt about its acceptance by the club after it had been read on Wednesday. Commodore Ledyard being quite ill at his Newport home, Vice Commodore Fred G. Bourne presided at a meeting held in the committee room. Commodore Ledyard was then called up by long-distance telephone. He appointed the following committee: Vice Commodore Bourne, Secretary George A. Cormack, Edwin D. Morgan, E. M. Brown, J. P. Morgan, J. M. Forbes, Archibald Rogers and William Butler Duncan, Jr. All the members of this committee, excepting Mr. Morgan, were present. The committee went into secret session and the challenge was read to them, while hundreds of yachtsmen, impatient to hear the news, stood in the big model-room downstairs. In about an hour the committee announced that the challenge had been accepted.

FORM NEW LAW PARTNERSHIP

A. H. BITTINGER AND A. E. HOUCK JOIN FORCES.

Firm Name Will Be Bittinger & Houck, With Offices in Pixley-Long Block.

Bittinger & Houck is the name of a new legal partnership consummated today, the members of the firm being A. H. Bittinger, for many years a well known Fort Wayne attorney, and A. E. Houck, a young practitioner who located in the city some months ago.

Mr. Houck is an Allen county boy, and a graduate from the law department of Indiana university. His office has heretofore been with Ellison & Keegan. The new firm will retain the offices in the Pixley-Long block occupied for some years by Mr. Bittinger.

CORONER'S FINDING.

Coroner Barnett shortly before noon today completed the taking of testimony in the case of John F. Reid, who was crushed beneath a car in the yards of the Pennsylvania company on Wednesday. Dr. Barnett finds that Reid died from internal hemorrhage from the rupture of the left ventral artery and four intercostal arteries upon the left side, the result of being crushed beneath a car in the Pennsylvania yards, fracturing five ribs. The coroner's examination was made upon the demand of a brother of the dead man.

FILED SPECIFICATIONS.

The Commercial Improvement company today filed with the Fort Wayne and Northwestern Traction company a statement of the improvements it desires made on West Taylor street, including approaches to the new bridge and the grading of the west end of the street. This, the improvement company claims, should be done by the Traction company. General Manager Nelson will submit the

KILLS TWO MEN AND THEN COMMITS SUICIDE.

VICTIMS FORMER PARTNERS

HAD BEEN CHARGED WITH A DEFAUCATION.

FIRE THREE FATAL SHOTS

NEW YORK LAW OFFICE THE SCENE OF MURDER.

New York, Oct. 17.—William C. Turner, former president and treasurer of the Clinax Bottling Co., today shot and killed W. J. Mallard, secretary and treasurer of the company, and Robert Hamilton, of Pittsburg, its president, and then committed suicide with the same weapon. The tragedy occurred in the Broad street offices of the law firm of Canton, Adams & McIntyre, in the heart of the financial district, and was the result of a business quarrel over the affairs of the bottling company, a Pittsburg concern. Turner fired but three shots and each was deadly. Mallard was the first victim. The attack was so sudden that he had no time to defend himself and Hamilton met death as he grappled with the murderer.

WAS A DEFAULTER.

Turner was also president of the bottling company and it is alleged that he was a defaulter to the sum of \$5,000 in his accounts, and he met his victims by appointment to effect a settlement. A member of the law firm in whose offices the shooting occurred, said that after the three had been in conference, Turner said: "Well, here's a check for \$5,000." With that he put his hand in his pocket, flashed out a revolver and fired point-blank at Mallard. Hamilton made a jump for Turner and grappled with him, but Turner succeeded in turning his revolver on Hamilton and killed him. Before any one could get into the room the murderer killed himself. Another account says that in the discussion he called Mallard a vile name.

Turner had been told of what the experts had found in his accounts and was informed that he would have to settle or be prosecuted by law. The matter drifted along for three or four months and there was constant wrangling on both sides. Several conferences were held between the law firm and Turner, in which Mr. McIntyre, who is the ex-assistant district attorney, took an active part.

Turner at last agreed to pay the money and a meeting was arranged in the lawyer's office last night. When Turner arrived last night he asked for Mr. McIntyre, who was out. After a short talk Turner said that he had a check with him, but it was not certified. He then said that he would get it certified today and would bring it to the office. Today there was a long conference, which, it is believed, was very unpleasant on both sides. Lawyer Leventritt, Turner's counsel, who also was present, finally turned around and asked Turner for the check.

BEGAN SHOOTING.

Turner replied that he would produce it, but instead drew a revolver, saying: "Yes, I'm going to give you the check. I'm going to kill you, you —"

He then fired two shots.

Mallard jumped up and ran behind Mr. Adams, who was on the opposite side of the table from Turner, but Turner's bullet took effect, killing Mallard almost instantly. His body fell behind Adams and partly behind a desk. No one who was in the room could tell how Hamilton was shot. From the position of his body it would appear that he tried to stop Turner's intention to kill. He was shot in the head. Turner then placed the revolver in his right ear and pulled the trigger. His death was instantaneous.

The men in the room at the time were John J. Adams, of the firm, who was acting for Mr. McIntyre; Edgar M. Leventritt, Mr. Turner; Mr. Goodman, who was present as a notary public; Mr. Mallard and Mr. Hamilton.

HARRY B. GATES IN TOWN.

Harry B. Gates, a prominent Indianapolis capitalist, is in the city today on a business trip. Mr. Gates is very largely interested in independent telephone properties, and is also vice president of the new board of trade recently organized at Indianapolis.

Miss Beatrice Coombs, of Jeffersonville, Ind., who has been the guest of relatives in the city for the past ten weeks, returned home today.

Property Turned Over to Sheriff by Town Marshal—General News of the Courts.

The horse and buggy stolen at Leo night before last were recovered yesterday morning not long after the robbery was committed. The rig was found north of New Haven at the farm of Barney Kamp, where the animal was found tied to a fence. Mr. Kamp went to notify the marshal and that officer took possession of the outfit. Sheriff Stout was then notified by the marshal and last evening went to New Haven and brought the find to town. It is presumed that the rig was left there as a blind to lead the officers to suspect that the thieves had taken a train at New Haven to get out of the country. The officers, however, do not think that the fellows are far away and believe that the job was done by local talent.

In the superior court the Golden divorce case was up for another hearing. The defendant, Mrs. Jennie Golden, filed a cross complaint which was objected to by the plaintiff. The objection was overruled and excepted to and the cross complaint was admitted, to which the plaintiff entered a general denial. The case is now on the back seat until the statutory time for filing the bill of exceptions shall have expired. The cross complaint alleges cruelty, neglect, failure to provide and kindred causes for divorce.

In the case of the state in relation to Henry Schrader vs. Daniel Wolf, charged with assault and battery, on appeal from Justice Tancey, the evidence was heard and was taken under advisement by Judge O'Rourke.

The sheriff's deputies are engaged in posting election notices throughout the county. The notices in the city have been posted.

Cecilia Yoquelet has commenced divorce proceedings against Louis L. Yoquelet.

The county commissioners will be in session tomorrow to transact miscellaneous business.

In the case of Hudekin vs. Gillespie the costs were paid and the cause dismissed.

In the case of Henkanus vs. Leikau judgment was rendered on the verdict from which the defendant appealed and filed a bond for \$300.

The superior court jury will report again on Monday next.

WOULD REVIVE OLD TREATY

TURKEY.

Would Keep Foreign Warships From Black Sea, But Permit Russia to Pass Dardanelles.

Vienna, Oct. 17.—The Austro-Hungarian foreign office entirely discredits the report, telegraphed from Bucharest, Roumania, to the London Daily Mail, that Russia has proposed to Turkey a revival of the Unkar-Skelessi treaty of 1833, which established a Russian alliance, under the terms of which the government of Turkey undertook at Russia's request to exclude in time of war all foreign warships from the Black sea, while Russia undertook at Turkey's request, to furnish her aid by land and sea, if necessary. It is pointed out at the foreign office here that all the European powers are concerned in the existing treaties governing the passage of the Dardanelles by foreign warships and that it is impossible for Russia to modify them without the consent of the co-signatories.

The Austrian ambassador at Constantinople has also assured the foreign office in this city that no political matters were discussed during the recent visit to the sultan of the Grand Duke Nicholas, of Russia, who is said to have made the proposition referred to.

HE STRIKES BACK

(Continued from Page One)

Bring amicable relations and wholesome conditions in this region. We forgive them even the false accusations which they have made against us. They charged us with being criminals, rioters and anarchists, and our organization they denounced as "lawless and irresponsible." They know and did know that their charges were untrue and without foundation in fact; they know that every officer of the United Mine Workers of America from the president down has constantly urged upon its membership the imperative need of respecting the law; that every man who commits a deed of violence is an enemy to our cause has been our watchword. Despite these admissions, supported with all our influence, there have been a few crimes and a number of misdemeanors chargeable to those on strike. But, Mr. President, we make the unqualified declaration that the imported guardians of law and order, the companies' coal and iron police, have committed more unprovoked murders during this strike than can be charged to the great army of men who have been in idleness for the past five months. We have repeatedly and in language not susceptible of misconstruction condemned transgressions of the law on the part of those on strike, and we challenge the coal companies to point to one public utterance on their part in which they have even deprecated acts of violence committed by their hired guards.

We declare that it was unfair and unmanly for the coal road presidents to insult us while we were your guests and to charge our organization with responsibility for acts of lawlessness during the strike. It would be just as logical to charge the American army in the Philippines with being an army of murderers, torturers and robbers because a few crimes were committed by soldiers there. Until the millennium there will be crimes in every community, and human nature is the same, no better and no worse, among the half million people dependent upon us in the coal fields as it is everywhere in our country.

The pretense of the operators that they were unable to produce coal because intimidation kept from work men who were willing to work has been proven false by the fact that the protection which they demanded has decreased rather than increased the number of men mining coal. A hundred thousand troops could not have enabled the operators to start their mines, for the simple reason that the men who work them are members of the United Mine Workers of America—men who were determined to stand to the last for their right to organize and through their organization to demand better wages and improved conditions of employment. Deprivation, misrepresentation and troops together were not sufficient to drive them into surrender. They stood shoulder to shoulder to the very last.

The operators declared that they would have nothing to do with the

United Mine Workers of America, but they have found it necessary to recognize the power of the United Mine Workers of America through you, Mr. President, and to seek terms of peace which will enable them to resume their business of mining and selling coal. The recognition of our strength thus forced upon the operators by stern necessity we exult over, not in any narrow spirit, but because we believe it marks a forward step toward a new era. Upon the foundations laid through war we are ready to join with them in building for better conditions and a long and lasting peace. The United Mine Workers of America, since its organization in the anthracite field, has constantly sought to establish:

First, fair wages and just conditions of labor, conditions just to both operators and miners. We have never made demands beyond the ability of the industry to pay on a basis of equitable division of profits between labor and capital.

Second, amicable relations between employers and employees, the latter speaking through their organization, and their organization aiding the companies in maintaining discipline, adjusting all difficulties by conciliatory methods, averting local strikes and lock-outs and securing stable and satisfactory conditions to the industry.

Our organization, by the same methods which we have proposed here, has secured just such relations and just such results in the soft coal fields of the country. Organization, like an individual, must stand upon what it has done and the life it has lived. We invite scrutiny and investigation of our record and character. In the soft coal fields we have joint conferences with the operators and with them we adjust differences, we sign joint agreements, together we preserve discipline, settle disputes and maintain harmony and stability in the trade. We have asked the anthracite operators to inquire of the soft coal operators how well they are pleased with their business relations with us, whether or not we keep agreements and render satisfactory service for wages paid to our members. One business man might thus learn of another what is the character of our organization. Many soft coal operators have publicly declared that they would not dispense with our co-operation and would deem it a disaster if compelled to get back to the chaotic conditions which existed when their labor was unorganized. Upon our past record we are willing to stand or fall. We have, time and time again, invited the anthracite operators to adopt these business methods and to deal with us on this basis. Despite repeated rebuffs we persisted, but they resented any attempt upon our part to organize their employees; they refused our overtures for amicable discussion and possible satisfactory adjustment of wage differences in joint conference. They refused to have any dealings with their employees except as individuals; they refused concessions and refused arbitration; they put their backs against the wall of prejudice and their faces arbitrarily against progress; they thought themselves stronger than the great union principle which is making such strides throughout the world; that while combining their corporations and pooling their interests in hard and fast alliances, they could deny the men who worked for them the right to organize and speak through their organization.

When the inevitable conflict came on they attempted to justify themselves upon the false plea that ours is an irresponsible organization, when we demonstrated our responsibility and reliability they then asserted that we were a lawless organization which was dominating by violence. When society attempted to interfere to settle the strike they declared their divinity appointed right to be let alone. When representatives of national and state governments tried to mediate they resented such "meddling by politicians." But, thanks to you, Mr. President, and to the power of public opinion, they have been brought to a realization of the fact that the interests and welfare of the American people cannot be ignored with impunity.

By the eminent tribunal which you have named we have confidence that justice will be done our people. We are glad to have a chance to appear before such a court empowered to consider and dispose of all questions at issue.

First among these is the demand of the miners for increased wages and a reduction in the hours of labor; second is the relation which ought to exist between the employers and the organization which the men have formed and which they authorize to speak for them.

From this arbitration we hope and believe will come a complete, satisfactory and permanent solution of the troubles which have vexed the anthracite field from time immemorial.

Respectfully yours,
John Mitchell,
President U. M. W.

WEDDING IN THE COUNTRY.

Thursday at the country home of Mr. and Mrs. John A. Gent, in Lafayette township, occurred the marriage of their daughter, Miss Tena, to Otis Horn, son of Mr. and Mrs. Nathan Horn, of the same township.

The ceremony was performed at 5 o'clock p. m. by Rev. J. W. Lake, pastor of Calvary U. B. church. The bride was attended by her sister and the best man was a brother of the groom. About 100 guests were present at the ceremony and later sat down to a sumptuous wedding dinner. Many costly, useful and beautiful presents were received by the bride. The young people are members of two of the best known families in Lafayette township and start in life under most happy auspices.

A Pure, Clear Skin

From Leroux's Blood Remedy.

Your skin and blood are in the closest possible sympathy. Arteries whose purpose is to nourish the skin are networked all through the internal tissues and afford many opportunities for skin diseases if there are any impurities in the blood. Make the blood pure by

Leroux's Blood Remedy

And you will find it impossible to suffer any disorders of the skin. This natural preparation will purify the skin, make it rosy and healthy—give it the clear, deep bloom so much sought after.

They praise Leroux's Blood Remedy because it purifies the skin.

"I suffered from blood disorder of the worst description. My face was a perfect mass of sores and I could not go out of doors without a veil. I was dreadfully humiliated and tried every sort of face lotion I could hear of. My doctor gave me a face wash but my skin was as bad as ever. I knew my blood was out of order and when I saw your preparation advertised as a blood specific I decided to try some of it. The result was marvelous. Today there is not a blemish on my skin—it is clear and healthy and my blood is pure."

MISS BERTHA SAUERBECK,
313 River Place, Toledo, O.

I have taken Leroux's Blood Remedy for nervousness and am satisfied that it has done me a great deal of good, and trust that its merits may be extended to others.

Vernon G. Grice and Miss Mabel Franzheim were united in marriage last evening. Mr. Grice is a son of Jesse V. Grice, of this city, and has been a stenographer at the law offices of Ehlson & Keegan. Mr. Grice expects to embark in the restaurant business.

RICHEST OF ALL WARDROBES.

Washington, Oct. 17.—When Mrs. C. Z. Leiter and Miss Daisy Leiter, mother and sister to Lady Curzon, vicereine of India, left New York on the Kaiser Wilhelm der Grosse, for London, on route to attend the Delhi Durbar as the guests of the vicereine and vicereine of India, Mrs. Leiter arrived with her the most elaborate wardrobe owned by any American woman. Even among the costly, regal robes of the vicereine of India, it will scarcely be surpassed for splendor.

This is only Mrs. Leiter's regular array of gowns without a single article added for her intended trip. When the custom house officer went to the Leiter residence, in Dupont Circle, to look over Mrs. Leiter's jewels and gowns he was appalled by their grandeur. Her jewels are unsurpassed by those of any American woman, one rope of rubies alone being worth hundreds of thousands of dollars.

To this is added five diamond necklaces and long ropes of pearls, with a dozen diamond brooches and pendant and a coronet of diamonds and other rare jewels of fabulous value. Mrs. Leiter owns several lace gowns that have occupied years of the lives of lace makers, and a white satin gown embroidered in jewels. Her other laces are worth several hundred thousand dollars.

HYPONOTIST TO SWAY JUDGE.

Columbia, Mo., Oct. 17.—It is rumored that Col. Edward Butler, the St. Louis politician on trial here for hoodluming, employed a professional hypnotist to attend the trial and concentrate his powers on Judge Hockaday to influence that official toward the defendant in every issue at law that came up. As the story runs, Butler agreed to pay the specialist \$3,000 to come from New York and exert his powers on the judge. During the trial a man of mysterious mien has occupied a seat in the rear of the court room and constantly kept his eyes on Judge Hockaday. The peculiar manner in which he has acted gives rise to the belief that he is Butler's hypnotist.

TALK ON "THE SKY PILOT."

At the Wayne street M. E. church next Sunday evening Rev. Asher S. Preston will use as a parable, "The Sky Pilot," Ralph Connor's fascinating story of the Canadian foothills. The work deals with the strange experiences of a quiet young preacher among the rough cowboys of the northwest.

UNCLE SAM TAKES A HAND.

Notification has been forwarded to the postoffice department of the robbery of the Leo postoffice early yesterday morning and Col. D. J. Foster, the postoffice inspector, is expected to arrive from Chicago today to take up the case.

DR. BANNING IMPROVES.

Dr. E. P. Banning, who was so seriously injured by being struck by a railroad engine in Chicago some weeks ago, was able this morning to stand upon his feet for the first time since the accident. Dr. H. G. Merz, who is attending the patient, says he is of the opinion that Dr. Banning will in time completely recover, though it will be necessary for him to get about upon crutches for several months.

YAWL PICKED UP EMPTY.

Cleveland, Ohio, Oct. 17.—J. C. Gilchrist, owner of the wrecked steamer C. B. Lockwood, received a telephone message from Ashtabula late yesterday afternoon, stating that the yawlboat which put off from the steamer when it was sinking Monday evening has been found bottom up in the lake. There was no trace of the ten men who left in the boat, and it is believed they were drowned.

OFFERED \$5,000 TO CHARITY

BUT COAL STRIKE WASN'T SETTLED SOON ENOUGH.

Delay of a Few Days Kept Handsome Gift From Fort Wayne Institutions.

Four days' delay in the settlement of the strike of the anthracite coal miners kept a magnificent gift of \$5,000 from Fort Wayne charitable and benevolent institutions.

It happened in this way: Among the visitors in Fort Wayne last Sunday was a prominent and very wealthy eastern capitalist, whose name The Sentinel is not permitted to publish. He is an extensive dealer in securities and watches every turn of the market with a practiced eye and a highly-trained judgment that has netted him thousands of dollars in fortunate speculations.

In the course of his visit here the eastern man paid a social call to Henry C. Paul, with whom he has been acquainted for several years. The capitalist has been greatly concerned over the coal strike, and has been eagerly noting every move looking toward adjustment of the difficulty between the operators and the miners. Turning to Mr. Paul Sunday morning, the eastern man said:

"If that coal strike can only be settled within the next twenty-four hours, I pledge you now that I will cheerfully give \$5,000 to any Fort Wayne charitable or benevolent institution you may name."

It was spoken in earnest, and this man's word is absolutely good. Mr. Paul confesses to an anxiety for the opportunity to select several worthy institutions in Fort Wayne as the recipient of the \$5,000 contained in the eastern man's offer, but the few days delay beyond a settlement on Monday took the offer out of the range of possibility.

FINED FOR ASSAULT.

Henry Meyer, of Washington township, was this morning fined \$1 and costs by Justice France for assaulting his father-in-law, Henry Kammeyer, also of Washington township.

Kammeyer is seventy and Meyer about forty years of age. Dad blood has existed between the two men for some time, and the old gentleman was ordered to keep off his son-in-law's farm. He neglected the warning and on Wednesday passed across a corner of Meyer's land. He thereupon followed the old gentleman and after some words "look a poke at him." Not much damage was done, but the old gentleman came to town and filed the affidavit, with the above result. The son-in-law then wanted to file affidavits against Kammeyer charging provoke and trespass, but was dissuaded.

HE MAY BE INSANE.

Frank Summers, who is serving a jail sentence, is to be tried by a commission of lunacy. The inquest will be held tomorrow afternoon and will be presided over by Justice Taney. The physicians on the commission are Greenawalt, McOscar and Miller.

JUST COMMON SENSE.

Changed the Whole Thing.

"I used coffee all my life until two years ago, when I was forced to discontinue it," writes a lady from Memphis, Tenn. "My health became so wretched that life was almost a burden."

I suffered almost continuously with nervous headache, dyspepsia and excruciating pains in my back. My heart action was very feeble, and I suffered intensely from a feeling of suffocation or oppression. Was extremely emaciated and debilitated, and so nervous that the slightest exertion or excitement would produce very distressing symptoms. My physician pronounced my trouble nervous prostration, and could give very slight relief.

A friend urged me to stop drinking coffee and try Postum Food Coffee and note the result. My first trial was not satisfactory, owing to the difference of the cook, but the next time, she followed directions carefully, and I found it decidedly good. After using it about two months, I awoke to the fact that my bad symptoms had almost totally disappeared, and that my health was better than it had been for six years. I had no headache, my heart troubled me only at rare intervals, could eat with perfect impunity, gained flesh, and was generally much stronger than formerly.

I had discontinued medical treatment when I began to use Postum, and common sense supports me in the conviction that Postum alone was the curative agent in my case. My children are quite fond of it, and I take comfort in the thought that in Postum they obtain both food and drink and run no risk of injury to their digestive organs. No one has healthier children than I, and that alone is sufficient to prove its value." Name given by Postum Co., Battle Creek, Mich.

The question now is: Has Baer's commission been revoked?

Meanwhile, don't neglect to spend a little sympathy on the soft coal operators, who will considerably feel the jolt of the strike settlement.

Fred Landis, the youthful candidate who took the republican nomination for congress from Major Steele in the Eleventh district, has again cracked his gong and will do no more speaking. It is not a public calamity, however, nor even a party disaster, for in all probability he will be elected; but Fred Landis silent is Fred Landis non est, and he may be missed altogether if forced to keep quiet.

President Roosevelt acquitted himself most admirably in his effort to end the strike, but the American public can do a little blowing on its own account. After all, it was the manifest temper of the people that brought the coal operators to time.

There is altogether no reason why any voter in the Twelfth district who has supported Congressman Robinson should abandon him now. There cannot be pointed out a single advantage the district would gain by election of his opponent to offset the numerous advantages the district would lose by Mr. Robinson's defeat.

A uniform divorce law for all the states will be a long time coming, doubtless, but that need not offer any serious interference to some reforms of the divorce laws of Indiana. When one marriage in every seven proves a failure sufficient to secure a decree of divorce in an Indiana court, it may be set down as a demonstrated fact that marriage is annulled by the ease with which an annulment of it may be procured. Reform of the divorce laws and establishment of work houses for shiftless and brutal husbands will go very far to make marriage less a failure in Indiana than now seems to be the case.

John Mitchell, president of the miners' organization, has won not only a great victory for the men he leads, but a distinct personal triumph for himself. Opposed in the first place to the strike which the miners were anxious to inaugurate, he gave it his best support, his most able direction and wisest counsel, once it had been declared. He has displayed not only the highest qualities of leadership, but singularly striking powers of self-control. The temptation has frequently been great for him to abandon conservative courses, but he has admirably restrained himself and what is more has restrained the men who look to him for leadership. In an honest estimate of John Mitchell as a leader there must be taken into account the important fact that the great body of men under him is composed of foreigners of low intelligence and turbulent mind. To them an appeal to violence is a perfectly natural recourse. That Mitchell has so thoroughly kept them inside the line of the law marks him as a man of extraordinary qualities. He comes out of the struggle recognized by the public as an honest, capable and fearless leader. It is probably without precedent that a labor leader has come out of a long and bitter struggle unscathed, but out of the great conflict just ended John Mitchell emerges a vastly greater man than when he went into the battle.

WAS A LARGE PARTY.

The Southwestern last evening had two special cars loaded with members of the Pathfinders' lodge into Huntington, one of them from Fort Wayne and a second from Wabash. Each carried about seventy-five people. The Fort Wayne party reached home at 1:30 o'clock this morning.

Everybody! Eat Perfection Wafers.

LIVELY TIME IN DECATUR

RACE WEEK GIVES THE TOWN A TASTE OF HIGH LIFE.

Many Good Old Games are Paying Big Dividends on Preferred and Common Stock.

There are great doings at Decatur this week at the races and what the association fails to make the army of grafters on the grounds will take care of and should divide with the race promoters. Fort Wayne was pretty well represented there yesterday and some Fort Wayne money got badly tangled up with the spindles and slot machines. There is everything on the grounds except a chance for a man to get any part of his money back.

"I never saw anything like it," said a well known Fort Wayne business man who has been on earth considerably over a week. "Sometime the good people of Fort Wayne are inclined to kick at the privileges extended during festival and race weeks and some decry the games and the pool selling allowed at the races. They should have been down there yesterday. Get the money! Why say, our Fort Wayne meetings look like a bible class meeting in a Sunday school compared to that. You'll never hear me kick again—and I have kicked. Not me."

One fellow got in seven dollars against a funny spindle game and was told that the only way he could get his money back would be to double his bets and break the bank. He dug up twelve dollars more and when the last two of that disappeared, he threw up both hands and fainted. A farmer who lost \$45 trying to embarrass "Old Hi" stood off the bar for two drinks of whiskey, got into his lumber wagon and whipping up his horses ran amuck through the crowd. Another fellow had an idea he could wind up the business of a slot machine and got wound up himself; he then kicked in the front of the machine and got himself arrested for disorderly conduct. Several big plays were made and when the smokers "hollered," a settlement was made by giving the sucker back from ten to twenty percent of his losses. Tomorrow is "get-away-day" and what will come off then, in view of the week day trades on the open board may be imagined by someone who has the right kind of an imagination. The town was advertised as being "open" this week and from all accounts it is open and then some.

MILK WAGON DEMOLISHED.

One of the delivery milk wagons of the Poinsett dairy was completely demolished on the Spy Run bridge shortly after 12 o'clock today. The horses took fright on Superior street and ran east. At the bridge the speed at which they were going would not admit of a safe turn and the wagon went over on its side and was smashed into kindling wood against the iron girders. There was no one in the vehicle and the horses were not in the least injured.

IS TRAVELING SALESMAN.

Louis J. Miller has resigned a clerical position with the Rurido dry good house and has taken a position as traveling salesman with a wholesale dry goods establishment in Detroit. Mr. Miller was "on the road" in the interest of Root & Co. a number of years, but a short time after that firm was reorganized under its present name he quit the road and took a position in the store room. He will continue his residence in this city.

KAISER WILL COME HOME.

William C. Kaiser, hospital steward in the United States army, writes friends in the city under date of Catalogaw, Samar, P. I., Sept. 2, that he was coming home to take treatment for a disease with which he has been afflicted two or three months. The letter stated that he would go to Manila at an early date and there await transportation to the United States. He will stop an indefinite period at the general hospital, Presidio, Cal., and it is probable that he will reach that place in a day or two, if he is not already there.

BANKING FIRM ASSIGNS.

New York, Oct. 17.—Theodore Gilman and Winthrop S. Gilman, composing the firm of Gilman, Son & Co., bankers and brokers of this city, whose failure was announced yesterday afternoon, today assigned for the benefit of creditors to Bainbridge Colby.

CHAUTAUQUA HOTEL BURNS.

Jamestown, N. Y., Oct. 17.—The Grand hotel at Point Chautauqua, one of the largest and finest hotels around Chautauqua Lake, was burned to the ground today, together with its contents, also the amusement hall

and a summer cottage owned by the hotel company. The hotel was owned by a Beaver Falls and Buffalo syndicate. The loss will be fully \$200,000.

A MEXICAN OUTRAGE.

Birbee, Ari., Oct. 17.—Two Mexicans were run over by a train at Agua Prieta, across the international line from Douglas, Ari., yesterday. One was killed and the other badly injured. The trainmen were immediately arrested and placed in the Mexican jail. They are Ed Patterson, engineer; Fred McDonough, fireman; George McGarise, yardmaster, and F. H. Kidd, switchman. Excitement is intense at Douglas. Superintendent Morgan has persuaded a party of railroad men not to cross the line to liberate the Americans.

PAUL KRUGER VERY INFIRM.

New York, Oct. 17.—Cabling from Montrose, the correspondent of the Times says former President Kruger looks infirm and that the length of his stay in the Riviera will depend on his health.

GUIDI STARTS FOR MANILA.

Rome, Oct. 17.—Archbishop Guidi, the apostolic delegate in the Philippines, and his secretary, Father O'Connor, started today for Marseille, from which port they will sail

for Manila. They were bid farewell at the railroad station by a large gathering of distinguished vatican officials, heads of religious bodies and representatives of the ministers accredited to the vatican. The archbishop has taken with him all his episcopal robes, as he intends to enter Manila in full state.

KITCHENER GOES TO INDIA.

London, Oct. 17.—Lord Kitchener started today for India, to assume command of the British forces there. He goes by way of Paris and will visit Khartoum. Absolute secrecy was maintained regarding all the arrangements for his departure, so he got away unnoticed.

GAINED FORTY POUNDS IN THIRTY DAYS.

For several months our younger brother had been troubled with indigestion. He tried several remedies, but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. We have a good trade on the Tablets.—Holley Bros., Merchants, Long Branch, Mo. For sale by all druggists. 10-14-1m

A Weak Stomach

Indigestion is often caused by over-eating. An eminent authority says the harm done thus exceeds that from the excessive use of alcohol. Eat all the good food you want but don't over-load the stomach. A weak stomach may refuse to digest what you eat. Then you need a good digestant like Kodol, which digests your food without the stomach's aid. This rest and the wholesome tonic Kodol contains soon restore health. Dieting unnecessary. Kodol quickly relieves the feeling of fullness and bloating from which some people suffer after meals. Absolutely cures indigestion.

Kodol Nature's Tonic.

THE MARKETS.

Chicago, Oct. 17.—Wheat was weak on the cables, but recovered later on a good demand with light offerings. A report from the United Kingdom stated that the crop there was the poorest in twenty years. Strength in corn was also a sustaining factor. Weather prospects were for scattered rains and there was some buying on this account. December opened a shade to 1/8c lower at 71 1/2c to 71 3/4c, later selling up to 72 1/2c. Minneapolis and Duluth reported receipts of 734 cars, which, with local receipts of 110 cars—3 of contract grade—made total receipts for the three points of 574 cars, against 594 cars last week and 787 cars a year ago.

A decline followed on heavy liquidation of May, which also affected December, but the market again advanced toward the close, with final figures on December 1/8c higher at 72 1/2c.

Realizing by longs on the advance caused a sharp decline, December selling down to 52c, but another rally followed and December closed 1/8c higher at 52 1/2c.

There was active trading in corn during the opening hour with an especially strong demand for December, which caused a sharp advance in that delivery. Appearance's went to show that the same prominent long who has been buying the market of late was again an active buyer, and this resulted in an urgent demand from all sources. Early cables failed to respond to the advance here yesterday, and there was some selling at the start on this account. December opened a shade lower to 1/8c higher at 51c to 51 1/2c, but rallied to 52 1/2c. Local receipts were 353 cars, with 63 of contract grade.

Oats opened steady with light trade. The market was influenced chiefly by the action of corn. December opened a shade higher at 31 1/2c to 31 3/4c and trading was confined within a narrow range. Local receipts were 163 cars.

Provisions opened firm on higher prices of hogs and the strength in corn. There was a fair demand for January pork. January pork opened unchanged at \$15.95; January lard 5c higher at \$9.35, and ribs 2 1/2c higher at \$3.45.

THE CLOSE.

Prices at the close were as follows: Wheat—Dec., 72 1/2c; May, 73 1/2c to 74c. Corn—Oct., 61c; Nov., 58 1/2c; Dec., 52 1/2c; May, 44 1/4c to 44 1/2c; July, 43 1/4c. Oats—Oct., 31 1/2c; Dec., 31 3/4c; old, 25 1/2c; May, 32 1/2c to 33 1/2c. Pork—Oct., \$17.45; Jan., \$16.02 1/2; May, \$15.12 1/2. Lard—Oct., \$11.20; Nov., \$10.50; Dec., \$9.70; Jan., \$9.30; May, \$8.60. Ribs—Oct., \$12.00; Jan., \$9.47 1/2; May, \$8.05. Flax—Cash N. W., \$1.10; S. W., \$1.15; Oct., \$1.18; May, \$1.20 to \$1.22. Rye—Dec., 49 1/2c. Barley—Cash, 33c to 35c. Timothy—Oct., \$4.15. Clover—Oct., \$11.25.

THE DAY ON WALL STREET.

New York, Oct. 17.—The market showed some slight irregularity at the opening under the influence of traders realizing and outside buying orders inspired by the demonstration of strength yesterday. Fluctuations were of the merest fractions either way except in some of the soft coal stocks, Baltimore and Ohio rising a point and Wheeling and Lake Erie second preferred 2. Norfolk and Western sold on a spread from 79 1/2c down to 79 1/4c with 3,500 shares changing hands. Yesterday's closing was 79 1/2c. Dealings in all the leading stocks were in large amounts and there was a good distribution of trading.

The tone of the market did not remain undecided long as large orders poured in for Baltimore and Ohio, Norfolk and Western, Missouri Pacific and St. Paul and their resultant sharp rise helped to advance the general market. Baltimore and Ohio

was the leader in point of activity and strength and rapidly advanced 3 1/2 to 100 3/4. Other soft coal stocks, including Hocking Valley and Chesapeake and Ohio rose strongly in sympathy, but the anthracite coal stocks did not register more than fractional improvements. Norfolk and Western advanced to 90 3/4, but later reacted to a fraction below last night. Gains in a number of less important stocks reached a point or more and there were exceptional improvements of 3 in Canada Southern, 3 1/4 in Wheeling and Lake Erie second preferred, 5 in New Haven and 6 1/4 in Iowa Central preferred. Large realizing sales caused a reaction before 11 o'clock reaching a point in Baltimore and Ohio, Chesapeake and Ohio, Missouri Pacific, Manhattan and Sugar.

Dealings were comparatively small during the second hour and prices receded slowly, in some cases to below last night, notably for Louisville, Sugar and Pennsylvania. Subsequent large buying of United States Steel started the general buying movement in other independent steel properties and Tennessee Coal, Republic Steel stocks and Colorado Fuel responded with gains of a point or more. The rise in United States Steel stocks was confined to a large fraction, but their strength had a stimulating effect on the general market, which hardened again at noon.

Bonds were steady and moderately active at noon.

CLARK WILL SERVE.

New York, Oct. 17.—E. B. Clark, grand chief of the Brotherhood of Railroad Conductors, who was appointed by President Roosevelt as a member of the coal strike arbitration commission, is in this city for the purpose of attending a railroad employees' meeting.

"I have not been officially informed of my appointment," he said. "I will accept with pleasure. I am a believer in arbitration, but not in compulsory arbitration. I have a general idea of the duties of the commission. This strike has gone home to the people more than any other in the history of the country."

Thomas H. Watkins, another member of the commission, said he had not yet been officially notified of his appointment.

SUIT IS WITHDRAWN.

Edward Seidel, who had filed a complaint against Wolf Bros., the clothiers, for maintaining a band stand over the sidewalk in front of their place of business, charging a nuisance and a misdemeanor, today withdrew the complaint. Mr. Seidel's attorneys say the complaint was withdrawn because the business neighbors of the firm named refused to become witnesses against the defendants.

LIVE STOCK MEN MEET.

Pittsburg, Pa., Oct. 17.—The fifteenth annual convention of the National Live Stock association began here this morning with a meeting of the executive committee. Later the convention opened with addresses of welcome by Recorder Brown and James Francis Burke. The convention will close tomorrow night. Three hundred delegates are in attendance, representing live stock exchanges in Chicago, St. Louis, Indianapolis, Pittsburgh, Buffalo, Philadelphia, Milwaukee, Peoria, Louisville, Fort Worth, Omaha, Kansas City, St. Paul and St. Joseph.

DEATH'S RECORD OF THE DAY

MRS. FRANCES C. MOORE SUC-
CUMBS TO DIABETES.

Passed Away at the Home of Her

Daughter, Mrs. P. J. H. Myers

—Other Mortuary Matters.

Mrs. Frances C. Moore, nearly sixty-six years of age, died at 11 o'clock this morning at the residence of her daughter, Mrs. P. J. H. Myers, 2418 South Harrison street, with whom she had made her home for a number of years.

Death was due to diabetes. Mrs. Moore was a native of Cincinnati, born December 20, 1836. Her husband died several years ago. Funeral services will probably be held from the residence in this city Saturday at 2:30 p. m. The remains will be taken to Cincinnati for interment, the funeral party leaving early Monday morning over the Cincinnati, Hamilton and Dayton line.

THOMPSON.

The infant child of Mr. and Mrs. William Thompson, of South Broadway, died Thursday night from exhaustion at the age of six days.

Funeral services were held this afternoon.

ROBERTS.

Hazel Roberts, six years of age, daughter of Mr. and Mrs. Samuel Roberts, died at 9 o'clock this morning at the residence, corner Clinton and Columbia streets, from tuberculosis of the bowels.

The funeral services will probably be held on Sunday.

FUNERAL ANNOUNCEMENTS.

Bealandt.—Funeral services of Edna Bealandt will be held Sunday afternoon at 2 o'clock from the residence, 2332 Gay street, Rev. A. O. Swinehart officiating.

Weidmann.—Funeral services of Michael Weidmann will be held Sunday afternoon at 1:30 o'clock from the residence, 1330 Rockhill street, and at 2 o'clock from St. John's Lutheran church.

Parks.—Funeral services of Volney Parks will be held Sunday afternoon at 2 o'clock from the residence of A. C. Beaver, on South Broadway. The interment will occur at Lindenwood.

SAGE IMPROVES IN HEALTH.

New York, Oct. 17.—Twice yesterday Wall street heard the report that Russell Sage was dead. The rumor was circulated first in the morning and was denied promptly by Dr. Munn. Again in the afternoon it crept out. A reporter who called at the home of Mr. Sage saw Dr. Munn and Mrs. Sage. They said the financier was in better health than he had been for weeks.

"This rumor is absurd," said Dr. Munn. "Mr. Sage is practically a well man. He is up and running about the room like a 17-year-old boy. He has just stripped down like an athlete for me to examine his chest."

"Why," interjected Mrs. Sage, "he was about to go around to the stable to see his coachman when the man came to the house. Many a time he has come up on business from his country home when he felt worse than he does today."

Dr. Munn also said it would be perfectly prudent for Mr. Sage to go where he pleases in a day or two.

ARCHBISHOP YET UNKNOWN.

Washington, Oct. 17.—It is denied at the apostolic delegation here that there is any foundation for the statement that Bishop Spalding, of Peoria, has been appointed archbishop of Chicago, to succeed the late Most Rev. Patrick A. Feehan. It is said that the papers in this case reached Rome too late for consideration by the congregation of the propaganda before its regular recess and there is no authority in Rome which could announce the appointment, except the pope himself, which would be contrary to all precedent. It is believed that the appointment of Bishop Spalding as one of the arbitrators of the coal strike will have a great influence at Rome to assure his selection for this promotion. The fact that President Roosevelt during a crisis in American politics should have selected the bishop of Peoria as his personal choice and representative is a compliment which the Roman curia will be loath to ignore.

POWELL AT SAN DOMINGO.

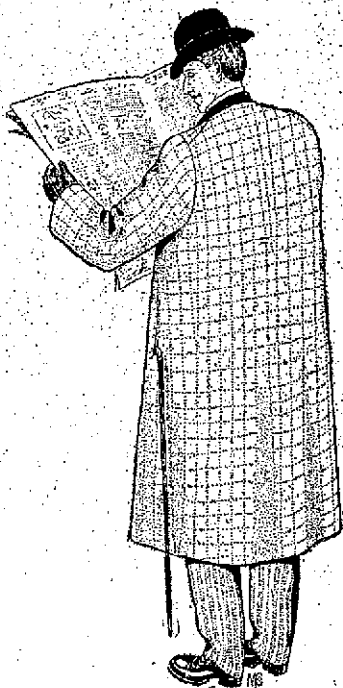

San Domingo, Santo Domingo, Oct. 17.—United States Minister Powell has arrived here from Port-au-Prince, Hayti, on a special mission for his government.

The best cheese made in Switzerland is usually exported and is seldom to be had even in the famous hotels of that country.

NOT TRUE HEROISM

To "Grin and Bear" Rheumatism a Relic of the Past.

Grin your teeth a minute while you listen to this story. If you have Rheumatism it is because you have an excess of Uric acid, which has clogged your blood, the same as floating ice does a river. Only the Uric acid poisons in addition. You cannot be freed from Rheumatism until this Uric acid is dispelled. It can be dispelled because we have done it and are doing it every day with Athlophoros.

We have found the action the quickest when the pain is the greatest.

With half a bottle and in twenty-four hours Athlophoros has enabled men to get out of bed and go to work. There is no need to stand pain.

We say it advisedly. One bottle of Athlophoros will show if it will act on you. If it does you good you will thank us for belittling your heroism. If it does not do you good we hold ourselves ready to give your case special consideration and advice without charge.

The Athlophoros Co., New Haven, Conn., will send a bottle for one dollar if your druggist doesn't keep it.

MR. COTTER HERE

THE NEW WABASH SUPERINTENDENT GOES OVER LINE.

WILL RETURN HERE SOON

TO LOOK OVER THE YARDS AND VISIT SHOPS.

SOME VERY BAD ACCIDENTS

WILLARD HAINES LOSES THREE FINGERS AT WABASH SHOPS.

Supt. S. E. Cotter, of the Wabash, spent an hour in the city today. With several of his officials, he is out on an inspection of the Toledo and the Detroit branches of the eastern division, traveling by special train. Superintendent Cotter made a similar trip over the western part of the division Wednesday and Thursday. In conversation with a Sentinel reporter Mr. Cotter stated that he would cover the Toledo line today and tomorrow go over the Detroit line, returning to Peru tomorrow evening. He said he expected to return here in a few days to make a visit to the shops and to become acquainted with all the Wabash men here as far as possible. He visited Fort Wayne several times before and remarked that he had been in our court house, which, he said, was a "magnificent building." The party took dinner at the McKinnin house and left immediately after for Toledo. Accompanying Mr. Cotter on the inspection trip are Trainmaster C. E. Wells, General Roadmaster A. B. Adams, Chief Dispatcher J. C. Sullivan, Traveling Engineer A. S. Mend, Resident Engineer A. G. Trippier and Division Roadmaster M. Luman.

GOING TO A CONVENTION.

Mr. and Mrs. N. W. Thompson went to Chicago today, where they will visit friends until Monday, when they will go to Minneapolis, Minn. Mr. Thompson will attend the annual convention of the National Association of Bridge Superintendents, which will be held in that city next week. He takes an important part in this meeting, being one of the oldest members of the association and having a vast experience in bridge building as it is conducted by railway companies. Mr. Thompson was superintendent of maintenance of way of the Pittsburg for a number of years.

JESSE GODFREY VERY SICK.

Jesse Godfrey, a Nickel Plate fireman, was brought to the city and taken to St. Joseph hospital today. He has been very sick for six months and some time ago went to his old home in the hopes that the stay there would be beneficial. It was not and now he comes back here to take treatment at the hospital. Mr. Godfrey is a member of A. G. Porter lodge, B. of L. E.

BOILERS FOR BROOKSIDE.

Two 100-horse power boilers, built at the Bass shops, were taken out to Brookside, Mr. Bass' suburban home, this morning, where they will be installed in the heating plant for the magnificent house and the hot houses near by. A 150-horse power boiler for the Heilmann Coal company, Westville, Ill., also left the Bass works today.

WILL OPEN NEW TRACK.

At noon tomorrow the Pennsylvania will open one mile of new running track at Plymouth, where great improvements are in progress. The track in question extends from Ber-

lin tower to the telegraph office west of Plymouth.

THE ACCIDENTS.

Willard Haines, a machinist in the night gang at the Wabash shops, met with a serious accident last night. While operating one of the planers his right hand was caught in the machine and the second, third and fourth fingers were injured so badly that the surgeon had to amputate them. The unfortunate young man went to the Peru hospital this morning to remain until he recovers.

Chester Agster, an apprentice in the same shop, had the third finger of his left hand caught in a machine he was operating yesterday and so badly injured that Dr. Macbeth had to amputate the digit at the second joint. Chester is the son of Charles A. Agster, of the Wabash shops.

Joseph Noeth, an attendant at the Pittsburg round house, is off duty on account of an injured finger.

Blacksmith F. K. Miller, of the Pittsburg, had the back of his left hand badly squeezed between two pieces of heavy iron yesterday and will be off duty a few days in consequence of the accident.

Pittsburg Conductor W. F. Koontz, Brakeman C. A. Bruce and H. Pressall are off duty on account of personal injuries, but as details are wanting in each report, it is supposed that they are not badly hurt.

SURPRISED A MACHINIST.

Last evening Charles Hausbach, a machinist at the Wabash shops, was greatly surprised by a number of his friends in celebration of his twenty-first birthday anniversary and also the tenth anniversary of his signing the temperance pledge. The early part of the evening was devoted to card playing and dancing and at 11 o'clock luncheon was served. Miss Helena Schumacher and M. Hausbach took first prizes and the congratulations went to Miss J. Palmer and A. J. Blakeley. Mr. Hausbach received a number of fine presents.

HEAVY TRAIN'S FAST RUN.

Train 21, which was made up of ten heavily loaded coaches, covered division C of the Pennsylvania in 167 minutes yesterday, which is fifty-three minutes less than the regular schedule time of that train. In making the run four stops occurred, one for water, and allowing fifteen minutes for these it leaves the actual running time two hours and thirty-two minutes. The distance covered was 131 miles. Engineer M. Brucks was at the throttle.

NEW OPERATOR AT YARDS.

There are two operators on the day trick at the Nickel Plate yard office now owing to the increased work of the fall and approaching winter. For six weeks James M. Dale was sole operator there, but he now has an assistant in the person of E. C. Schultz, recently from Stony Island. Operator D. S. DeVine, who was working nights here, has been transferred to Argus.

INSTALLING AN AIR HOIST.

Foreman Henry Shuster's gang of carpenters are engaged in putting up a new hoisting machine at the east shops for the passenger car department. This hoist is for the purpose of facilitating the handling of passenger car trucks and it can be used for other purposes.

PUTTING IN LIGHT PLANT.

The Packard Piano and Organ company is now getting the machinery and material on the ground for a lighting plant at its factory. The generator, which was built at the Fort Wayne Electric works and has a capacity of 1,000 lights, was taken to the organ factory this morning and is now being installed. A 125-

light arc dynamo was shipped to New Brighton, Pa., by the Electric company this morning.

PENNA OFFICIALS COMING.

Tomorrow the general officers of the Pennsylvania company, including General Manager G. L. Peck and General Superintendent A. M. Schoyer, will pass over the western division of the Pittsburg, Fort Wayne and Chicago road. They will travel by special train and will reach this city between 10 and 11 o'clock.

INDUSTRIAL NOTES.

Pittsburg Brakeman J. F. Engle is sick.

Nickel Plate Engineer Thomas Ogier is sick and off duty.

W. Klingman has taken a position in the Wabash boiler shop.

Pittsburg Fireman D. H. Monahan has taken a week's lay off to look after some private business.

The Grand Rapids pay car will arrive in the city next Monday.

George Kooren, of the Pittsburg shops, is in Lima attending the funeral of a relative.

Foreman M. S. Willson, of the incandescent testing room at the Fort Wayne Electric works, is sick and off duty.

Round House Machinist William Thompson, of the Pittsburg, is off duty on account of the serious illness of his child.

Wreck Foreman George Ebner, of the Pennsylvania, and his wife will soon leave for Erie, Pa., on a visit with relatives.

After an illness of four days John Kousill resumed the duties of watchman at the Pittsburg planing mills this morning.

J. R. Misker, of the Pittsburg planing mills, has returned home after spending ten days in Washington and New York.

Passenger Engineer R. M. Germain, of the Nickel Plate, who is taking a two weeks' vacation, is now in Erie, Pa., visiting relatives.

Charles Freeman will have charge of the new telegraph station at Wells, a place a few miles off from New Haven, on the Wabash road.

Switchman Ross Gardner, who was off duty two weeks on account of sickness and later to do some fishing, reported for work this morning.

Andy Koontz and Peter Mannoek, painters at the Pittsburg shops, will leave tonight for James lake, where they spend four days in fishing.

J. France and M. Shenline, Pittsburg shopmen, are sick. A. Crona has gone to a funeral and Ed White is looking after private business.

Chris Mallard, who was thrown from his bicycle and had his wrist broken three weeks ago, resumed work in the carpenter department of the Pittsburg shops this morning.

Boilermaker J. F. Sullivan expects to resume work at the Pittsburg shop tomorrow. He has been off duty on account of a most painful carbuncle on one of his wrists for over a week.

Conductor Frank Maxwell will succeed Conductor J. M. Wells on the Nickel Plate. As previously stated, Mr. Wells will reside in California on account of a change of that kind being necessary to restore Mrs. Wells to health.

Cashier William Taylor, of the Nickel Plate freight house, has gone east to meet Mrs. Taylor, who has been visiting friends in Allegheny and elsewhere, and accompany her home. Mr. Taylor is taking his annual vacation.

Engineer James Southern, of the Pennsylvania, and Mrs. Southern announce the coming marriage of their daughter, Miss Grace Cleveland Southern, to T. E. Hyskind, of Wabash. The marriage will be solemnized in St. Bernard's Catholic church October 22, and the couple will be "at home" at 23 Elm street, Wabash, Ind., after November 5.

Trainmaster W. E. Davis, of the Pennsylvania, is in receipt of a large photograph of Troop A. Eighth

SLAVERY.....

Means being bound to a man or a custom for a more or less definite period—subject to his or its beck and call, and without power to break the bonds. There are many men, for instance, who are slaves to their tailors—though their numbers are constantly growing less. Their bonds are being broken daily in this city by our high grade Suits and Overcoats. Even the people who want Full Dress and Tuxedo Suits have been forced to admit that we sell the best garments made at a saving of \$15 to \$25 to you. Fort Wayne is a progressive city. Our store is a progressive clothing store. We are bound to keep it as it is now, the **BEST CLOTHING STORE IN INDIANA.** We only ask you to look at our store before you buy.

Thursday afternoon, at 2 o'clock, at his residence, Rev. J. W. Lake, of Calvary U. B. church, united in marriage Joseph E. Schane and Miss Emma M. Taylor, both of this city. The ceremony was a quiet affair. The young couple will reside on East Wayne street.

Rev. and Mrs. C. F. W. Meyer were pleasantly surprised last evening by a few members of Rev. Meyer's congregation at his new home, 1401 Fairfield avenue. Rev. Meyer moved into his new home very recently, and the gathering last night was in the nature of a house-warming. Rev. and Mrs. Meyer were presented with a handsome dining-room rug in honor of the occasion.

ALBANIANS SUBDUED.

Constantinople, Oct. 17.—The military authorities at Mitrovitz, Albania, have secured complete control of the situation. They have captured Chief Issa Baljetinaz, who, with his followers, recently tore up the railroad between Mitrovitz and Vuchitza and announced this determination not to allow the newly appointed consul to take up his duties at the former place. The chief has been taken to Salonica under escort. The Albanians at Mitrovitz and in its neighborhood have been disarmed and the Russian consul will occupy his office shortly.

FIRMIN SEEKS REFUGE.

Port-au-Prince, Hayti, Oct. 17.—The report that M. Firmin, the revolutionary leader, had embarked on the United States cruiser Cincinnati is confirmed.

The troops of the provisional government surround Gonaves, the headquarters of the revolutionists.

The Cincinnati, the French cruiser D'Assas and the German cruiser Falke are off Gonaves for the protection of foreign interests.

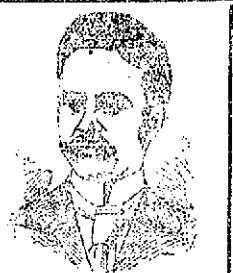

It is hoped that the revolutionists will surrender Gonaves and thus save the town from the damage and loss of life which must result if the government troops are compelled to attack the place.

BREAK ORE-LOADING RECORD.

Ashland, Wis., Oct. 17.—All ore-loading records on the great lakes were broken here yesterday, when 5,202 tons of iron ore were loaded at the Chicago and Northwestern docks in one hour and eight minutes (about eighty tons a minute), the ore being loaded into the steamer James H. Hoyt. Superintendent Sampson, of the Northwestern, personally supervised the loading and the cargo was let into the hold and the lines were cast off almost before the engineer had found time to get the water ballast out of the vessel.

TELLS OF MRS. EDDY'S LIFE

REV. TOMLINSON LECTURES IN
BOSTON.Gives Minute Account of the Life of
the Founder and Head of the
Christian Scientists.

Boston, Mass., Oct. 17.—Last night Rev. Irving C. Tomlinson, of Concord, N. H., lectured on Christian Science and its founder at Symphony hall. The magnificent auditorium was crowded to overflowing. He said in part:

"The holy purpose of this religion is clearly stated in those words which the Master quoted from the Prophet Isaiah, as the announcement of His mission. 'The Spirit of the Lord God is upon me, because He hath anointed me to preach the gospel to the poor; He hath sent me to heal the broken-hearted, to preach deliverance to the captives and recovery of sight to the blind, and set at liberty them that are bruised.'"

"No doubt its unparalleled development has occasioned the oft-repeated question: 'What are the reasons for the marvelous growth of Christian Science?'"

"Those who are most conversant with this movement know that what is most conspicuous in the cause and its growth is the wisdom, foresight, untiring devotion and lofty Christian character of its leader. The opportunities afforded me for a full and adequate estimate of the leader of this great movement have been favorable. During the past four years my residence has been in Concord, N. H., the home of Mrs. Eddy, and for more than three months at one time I was a member of her household. The New Hampshire histories contain a review of Mrs. Eddy and her ancestors. From these accurate historical works one may glean much of interest concerning her and her family. She was born in Bow, near Concord, N. H.; she comes from sturdy Scotch and English ancestry, Captain John Lovewell, the famous Indian fighter, whose valor in the field destroyed the power of the savages and made it possible for the early settlers of northern New England to peacefully establish themselves, was her ancestor. Her great grandfather was Captain Joseph Baker, who settled in Penobscot about 1740. Captain Baker was one of the foremost men of his section. He received his commission from King George as captain of the Colonial foot company. He was a member of the third provincial congress of New Hampshire and active in helping the province to take its stand for the new republic. His three sons, one of them Mrs. Eddy's grandfather, were all soldiers of the revolution. Intellectually her family has always stood high. Mrs. Eddy's brother, Albert Baker, was a graduate of Dartmouth college. He was an honored member of the New Hampshire bar, an eminent debater, and a brilliant orator. He was twice elected to the legislature of his native state and was rapidly attaining a foremost position in those legislative halls, when he died at the early age of 31. In the old church of Penobscot, three of her ancestors were its honored deacons. Her mother's father was Deacon Nathaniel Ambrose, and through his generosity and labors there was founded the North Congregational church, which was known as 'Deacon Ambrose's church.' The historian also tells us that so largely was the Baker family interested in founding the Methodist church of that town, that 'with propriety it might have been called the Baker meeting house.' Thus both parents of her family were founders of local churches. Mrs. Eddy's parents were devout members of the Congregational church, and her father was superintendent of the Sunday school. Her mother was a woman of rare Christian virtue, and the atmosphere of the home was devoutly religious.

"Mrs. Eddy is richly endowed by nature and by grace for her work. She possesses quick comprehension, a remarkably retentive memory, deep spiritual insight, an unquenchable love for man and a tireless energy. Her native gifts were supplemented by special tutors and by careful training in the schools and academies of New Hampshire. She was thoroughly taught by the well-known grammarian, Prof. Dyer H. Sanborn, and received careful attention from her distinguished brother Albert. She had a well-established reputation for literary ability before her discovery of Christian Science. In childhood she thought in rhythm and versification flowed from her pen as readily as the torrents flow from the mountain brook. Her prose and poetic compositions were eagerly read and some of her writings, published in a book of poems ten years before her discovery of Christian Science, are now found in our public libraries. Her writings were much sought by some of the leading magazines of the country and she declined an editorial position offered by Mr. Albert Case, editor of the Odd Fellow's Magazine, at an annual salary of \$3,000.

"Mrs. Eddy from earliest childhood was deeply interested in the subject of religion. She was early baptized into the church and became an ardent member. As a child she listened eagerly to discussions on religion between her father and the visiting clergymen who frequented their hospitable home. When afflicted with a fever her mother turned her daughter's thought to God in prayer. Relief came through her earnest petitions and from that moment to the present hour the thought of God and His helpfulness to man has constantly abided with her.

"In 1868 Mrs. Eddy received an injury from a severe fall upon the icy curbing, which was pronounced beyond all earthly help. In her dying hour, as she supposed, she turned her thought wholly to the divine healer. A wondrous illumination dawned upon her expectant vision and she arose restored to health and strength. She proved the discovery to be God-given by healing the lame and the blind and by raising the dying. Having found the means whereby Christ Jesus and his disciples wrought their beneficent works, she earnestly labored to give her discovery to all mankind. She wrote the text-book of the denomination, founded the Massachusetts metaphysical college, established the church and its publication society. Thus, she is not only the discoverer of the science, but the founder of this religious denomination. Those who have followed her closely have observed her whole-hearted and entire devotion to the cause entrusted to her care. She gives no time for social enjoyment; every moment of her waking hours is devoted to the service of God and man. She is honored and beloved in her own city for her interest in its welfare. She has generously contributed to the city's public improvements and her liberal donations are given not only to her church, but to the hospitals and other benevolent institutions. After a thorough study of her work and an intimate acquaintance with her life, I declare with gratitude that I have found Mrs. Eddy to be the most reverent, Christ-like character that I have ever known."

INDIANA CLUB WOMEN MEET.

Greenfield, Ind., Oct. 17.—The Indiana Federation of Women's Clubs began its third annual meeting here yesterday and will continue through today. The delegates are mainly from the northern part of the state. The president is Mrs. Jane McEl. Smith, of South Bend, the first and second vice presidents are Mrs. N. S. Joslin and Miss Minetta Taylor, both of this city, and the third vice president is Mrs. Barnes, of Auburn.

The morning session was devoted to the greeting from city organizations and to the president's address. Mrs. Smith made a plea for the advancement of the artistic in everyday life, and wanted especially the co-operation of the club women in securing legislation looking to civil reform.

Mrs. Denison, of New York, president of the National Federation, addressed the convention in the afternoon and again last night delivered an address on the subject of "Women's Clubs as Social Factors." Amos W. Butler, secretary of the Indiana board of charities, lectured also last night on "Philanthropic Legislation."

HAS HOMICIDAL MANIA.

Muncie, Ind., Oct. 17.—Jacob Wynn was arrested today after a chase and placed in jail for safe keeping. He is insane over the death of his mother and has made several threats to kill neighbors. He has a family.

LOCAL LINES.

Bluffton News: Misses Lizzie and Mary Taylor, of Fort Wayne, were guests of Henry Munsterker and wife yesterday.

Mrs. Rachel Eckert, of 121 West Williams street, has returned from a visit with her son, Jesse Eckert, of Grand Rapids, Mich.

Philip Danahy, living at the corner of Bass street and Hoagland avenue, was taken sick while eating dinner yesterday and was for some time in a serious condition.

Dr. C. E. Barnett yesterday read a paper at the meeting of the Mississippi Valley Medical association at Kansas City yesterday. He will return home tomorrow.

A number of Fort Wayne people are attending the dedication of the Methodist Protestant church at New Haven. The celebration began today and will continue over Sunday.

Plymouth Democrat: Frank Wilson, of Fort Wayne, and Anthony Homer, of Canton, Ohio, who have been visiting Mr. Homer's brother, Henry Homer, near Plymouth, went to Fort Wayne Tuesday.

Miss Grace Perrin very pleasantly entertained a party of friends at her home, West Fourth street, Wednesday evening. Guessing contests were the features of the evening's entertainment. Miss Jessie Bous and Mr. Watson winning the prizes. A program of vocal and instrumental numbers was given by Miss Perrin, assisted by Theodore Dodane, Mr. Watson and Mr. Ballou.

ENGINEER SAVES 500 LIVES

PRESENCE OF MIND AVERTS A
CATASTROPHE.Pulls Throttle Wide Open When He
Feels Bridge Collapsing Beneath Train.

Hammond, Ind., Oct. 17.—Nearly five hundred passengers who were aboard train No. 13 on the Wabash road narrowly escaped a wreck and death near Clark station Wednesday night. The train is known as the Buffalo limited, and reaches Chicago at 9:30 in the evening. Clark station is the crossing of the Wabash and the Fort Wayne railways, and is four miles east of this place.

A short distance out of Clark the Wabash crosses the Grand Calumet river over a huge trestlework bridge. Some repairs had been made on the structure only recently, and it was considered perfectly safe, track walkers having just patrolled the bridge before the Wabash limited left Clark station. As the train, having on board nearly five hundred souls, reached the middle of the structure the engineer heard the cracking of timbers as the middle span of the bridge sank beneath his engine. He opened the throttle to the farthest limit, and the train fairly leaped from the swaying trestlework.

As the passengers felt the bridge collapsing, there was a wild commotion. The panic, however, was but temporary, so quickly did the limited cross the structure. The engineer's presence of mind in forcing his train through the danger was the only thing that saved many lives and prevented a great railroad wreck and horror.

The bridge was repaired yesterday, and trains are again passing over it.

FOOT BALL NOTES.

The Wolf foot ball team will play the Huntington city team at Huntington next Saturday afternoon and the contest promises to be a hot one, as the Lime City team is determined to retrieve its defeat of last Saturday.

The high school team has been re-organized and will play the Huntington high school team tomorrow afternoon at Huntington. The high school boys have been putting in some hard practice for tomorrow's game and stand a good show of winning.

The following big games are scheduled for tomorrow: Michigan vs. Notre Dame, Northwestern vs. Chicago, Wisconsin vs. Beloit, Nebraska vs. Minnesota, Indiana vs. DePaul, Yale vs. Pennsylvania State, Princeton vs. Washington and Jefferson, Cornell vs. Carlisle Indians, Brown vs. Pennsylvania, Columbia vs. Hamilton, Annapolis vs. Lehigh, Dartmouth vs. Williams, West Point vs. Harvard, Purdue vs. Illinois.

CHOSEN BY INDIANA BAPTISTS.

Muncie, Ind., Oct. 17.—The Indiana State Association of Baptists yesterday afternoon elected the following officers for the ensuing year: President—Rev. T. J. Villers, Indianapolis, re-elected.

First Vice President—Prof. M. E. Crowell, Franklin college.

Second Vice President—Rev. F. B. Bachelor, Franklin.

Third Vice President—Rev. J. W. Cleveland, Marion.

Secretary—Rev. R. A. Neighbor, Indianapolis, re-elected.

Treasurer—L. W. Billingsley, Indianapolis, re-elected.

The association resolved to lend its aid to the Anti-Saloon League of Indiana, which is endeavoring to drive saloons out of the state at the rate of 100 a month.

DOCTOR BECOMES A MANTAC.

Wabash, Ind., Oct. 17.—Dr. W. F. Stewart, a graduate of Hahnemann college and for a number of years a leading practitioner of this city, has become violently insane. His father, W. W. Stewart, former county commissioner, brought him home yesterday from Indianapolis, where he has been undergoing treatment at a sanitarium.

The doctor's malady is of acute type, and steps have been taken to have him committed to Long Cliff asylum at Logansport. It was necessary in bringing him to Wabash to put him in irons.

The unfortunate condition of the patient is ascribed to overwork. He was passionately fond of surgery and in his delirium talks constantly of difficult and dangerous operations.

NEXT MEETING AT BUTLER.

Fort Wayne ladies have returned from the twenty-fifth annual convention of the Woman's Foreign Missionary society of the M. E. church, held at Ossian this week. Mrs. Carrie Schrader-Gesaman, the district president, was in charge, and Butler was selected as the place for holding the meeting next year. The feature of the Ossian meeting was the address

of Mrs. Denning, who has been engaged for eight years in missionary work in India.

NEWS OF THE POLICE.

Police headquarters this morning was remarkable only for the remarkable absence of anything that looked like a live item. There was no police court, Detective Colling having made arrangements with all the hoodlums that they should behave while he was away on his vacation. Station-master Terry is preparing to take advantage of the spell of good order to go away on a short fishing trip and will try to catch a few good stories, even if he can't get any fish. He will lay the ground plans for his fish tales about the lakes up near Waseppi, Mich.

Mrs. Zollars, of 920 Erie street, some days ago reported that she had lost a gold chateleine watch on the street and the police made a search for it. Mrs. Zollars, when she lost her watch, carried a closed umbrella, which she had no occasion to use until several days later. When she opened the umbrella the missing watch dropped out, but she neglected to inform the police of her find until yesterday.

Since the police department has signified its intention to wipe out and clean up the east end gang of hoodlums a number of east end residents have called at the station and given in the names of boys who need looking after and who are among the ringleaders of the crowd. When the list is complete there will be things doing out in that direction.

Miss Jenkinson, a teacher in the Nebraska school, reported that while going from her home at 817 West Washington street to the school building this morning she had lost a \$10 bill.

As yet there has been no claimant for the gold watch found on young Schmidt when he was arrested on Erie street on Wednesday night. The watch is small, evidently a lady's, but does not correspond to any description of any watch reported stolen or lost recently.

CAME TO FORT WAYNE.

The Lima (Ohio) News states that on Wednesday two men and women skipped out of that town leaving behind an unpaid board bill. It was learned that they had bought tickets for Van Wert and the marshal at that place had been notified to arrest them when they arrived. They did not get off at the Ohio village, however, but, according to information obtained from the conductor, came right through to Fort Wayne, arriving there on Wednesday night.

THE TOWNSHIP CAME.

(Churubusco Truth.) If we were to mention everyone from this vicinity who visited the Fort Wayne fair last week it would include nearly the whole township.

AGAINST SOUTHWESTERN.

(Huntington Democrat.) Judge Brynna today rendered judgment in the matter of Mott & Shutt vs. the Fort Wayne and Southwestern Traction company, in which a jury a few days ago answered interrogatories favorable to the plaintiffs. The finding was against the traction company in the sum of \$1,626, and \$300 attorney's fees. Finding was for Nelson and McKinley, the other defendants.

E. M. WILSON A DELEGATE.

Edward M. Wilson, of the Insurance firm of Schrader & Wilson, has been chosen as one of the delegates to represent the Indiana State Association of Local Fire Insurance Agents at the meeting of the National Insurance association at Louisville October 21.

NOMINATED FOR CLERK.

Edward J. Twomey, formerly of this city, has been nominated for clerk by the democrats of Cass county. Mr. Twomey was born and reared at Hadley, was deputy clerk under Dr. G. W. Long and removed to Logansport in 1890. He is at present a railway postal clerk.

RESOLUTIONS OF RESPECT.

The following resolutions were adopted by the Federation of Labor on the death of George R. Hench at its meeting Monday night:

Whereas, The messenger of death has removed from our midst our beloved brother, George R. Hench; and, Whereas, In his death the Fort Wayne Federation of Labor has lost a worthy and deserving member, the committee in which he resided a true and honorable man, and in his death we are again reminded that we, too, are all mortal and will soon be called upon to follow him to that land from whence no traveler returneth; therefore, be it

Resolved, That the Fort Wayne Federation, by its entire membership, do most sincerely extend to the family and friends their heartfelt sympathy in this their sad hour of bereavement and sorrow; and be it further

Resolved, That our charter be draped in mourning for a period of thirty days, that a copy of these resolutions be spread upon the minutes of the Federation; that a copy be sent to the family of the deceased, and a copy be given to the newspapers for publication.

CELEBRATE GOLDEN WEDDING

HAPPY EVENT IN ST. JOSEPH TOWNSHIP TODAY.

Mr. and Mrs. Jacob Auer Were Married in Fort Wayne Just Half a Century Ago.

Mr. and Mrs. Jacob Auer, residing in St. Joseph township, near Geoghegan, are today celebrating at their pleasant country home the fiftieth anniversary of their wedding, and the ceremony of half a century ago was repeated this morning, Rev. Jensen, of St. Peter's church officiating.

Mr. and Mrs. Auer are each 74 years of age, and both were born in Germany. Mr. Auer coming to America in 1847 while his wife preceded him by three years. They were united in marriage in Fort Wayne fifty years ago today by Rev. Dr. Silber, then pastor of St. Paul's Lutheran church, and have spent practically their entire married life at the delightful homestead where the anniversary celebration was held today.

Eight children were born to them, and all are yet living—Mrs. Caroline Dressler, of St. Joseph township; Mrs. Louisa Pook and Mrs. Mary Sievert, of Whitley county; Mrs. Anna Brueggemann, of St. Joseph township; Mrs. Minnie Bullermann, of this city, and Messrs. Edward, William and Henry Auer, of Whitley, the latter named all substantial farmers. All were present today with their families, including forty-three grandchildren and five great-grandchildren. Mr. Auer is one of the progressive citizens of St. Joseph township, and has acquired a substantial competency. Among those present today from Fort Wayne were Justice and Mrs. H. F. Bullermann, the latter being a daughter of Mr. and Mrs. Auer.

SEVERAL ASSAULT CASES.

Last Saturday Woodburn and Shirley City were again involved in turmoil. The result was that Herman Miller, the town marshal, filed affidavits in France's court charging Cain Baker and Martin Baker with public intoxication yesterday. Justice France heard the testimony yesterday and fined each of the defendants \$1 and costs. The cases were promptly appealed and an appeal bond was executed.

On the evening of September 20 Caleb Townsend, a Jefferson township farmer, and Solomon Kell, a

Bon Ami

Fort Wayne feed yard man, had an argument and mixed it up to a considerable extent. Townsend was hammered over the head with a lantern and was used up pretty badly. Later affidavits were filed, some of which were disposed of by Justice Bullermann yesterday. He assessed a fine of \$3 and costs against Kell for assault and battery on Townsend, from which the defendant appealed. He heard the evidence in the case of Kell vs. Townsend for assault and reserved his decision. In the matter of the charge preferred against Townsend alleging public intoxication no evidence has been heard and the case was carried over until some future time.
